CONTENTS

[2001/205](#) - EPPO Reporting Service Index

EPPO Reporting Service

2001/205 EPPO Reporting Service Index

The following index covers all Reporting Service articles published in 2001. This index is also available as an Excel file from the EPPO Web site (www.eppo.org) and the EPPO Electronic Documentation Service.

Absence

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000
- 2001/070 - *Tecia solanivora* does not occur in Peru
- 2001/082 - Surveys on *Ralstonia solanacearum* in Slovenia
- 2001/105 - Survey on potato bacteria in Estonia: first report of *Clavibacter michiganensis* subsp. *sepedonicus* and absence of *Ralstonia solanacearum*
- 2001/112 - Virus diseases of stone-fruit trees in East Anatolia, Turkey
- 2001/131 - *Trogoderma granarium* no longer occurs in Austria
- 2001/132 - *Sternochetus mangiferae* is not present in China
- 2001/139 - Absence of *Ralstonia solanacearum* in Czech Republic
- 2001/142 - Details on quarantine pests in Spain: 2000 situation
- 2001/145 - Absence of *Mycosphaerella dearnessii* in Czech Republic
- 2001/147 - Absence of *Phytophthora fragariae* var. *fragariae* in Czech Republic
- 2001/148 - Absence of *Clavibacter michiganensis* subsp. *insidiosus* from Czech Republic
- 2001/174 - Survey on glasshouse pests in Estonia
- 2001/175 - Survey on *Erwinia amylovora* in Estonia
- 2001/188 - News from the Diagnostic Centre of the Dutch NPPO
- 2001/192 - Surveys on potato cyst nematodes in Slovakia
- 2001/197 - Details on quarantine pests in Algeria

Abutilon yellows crinivirus

- 2001/058 - Particle lengths of whitefly-transmitted criniviruses

Acremonium cucurbitacearum

- 2001/116 - Deletions from the EPPO Alert List

Albania

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000
- 2001/004 - Record of *Diabrotica virgifera* in Albania is denied

Alert List

- 2001/002 - Addition to the EPPO Alert List of sudden oak death: a new *Phytophthora* disease of oak in California, US
- 2001/034 - *Phytophthora lateralis*: addition to the EPPO Alert List
- 2001/037 - *Tecia solanivora*: addition to the EPPO Alert List
- 2001/057 - Introduction of *Corythucha arcuata* in Italy. Addition to the EPPO Alert List
- 2001/094 - A new phytoplasma disease of almond (*Prunus amygdalus*) in Lebanon: Addition to the EPPO Alert List
- 2001/116 - Deletions from the EPPO Alert List
- 2001/130 - Additions to the EPPO Alert List: *Neohydatothrips samayunkur* and *Aulacaspis yasumatsui*
- 2001/143 - First report of Cucumber vein yellowing virus in Spain: Addition to the EPPO Alert List
- 2001/153 - Introduction of *Puccinia hemerocallidis* into USA: Addition to the EPPO Alert List

Aleurocanthus woglumi

- 2001/028 - Presence of *Aleurocanthus woglumi* in French Guiana and success of biological control
- 2001/156 - News from the Caribbean

EPPO Reporting Service

2001/171 - New data on quarantine pests and pests of the EPPO Alert List

Aleurodicus dispersus

2001/081 - New data on quarantine pests and pests of the EPPO Alert List

2001/142 - Details on quarantine pests in Spain: 2000 situation

Algeria

2001/090 - *Clavibacter michiganensis* subsp. *michiganensis* occurs in Algeria

2001/197 - Details on quarantine pests in Algeria

Alternaria brown spot of citrus

2001/050 - First report of *Alternaria* brown spot of citrus in Spain

2001/116 - Deletions from the EPPO Alert List

Alternaria mali

2001/076 - PCR method to detect *Alternaria alternata* apple pathotype (*A. mali*)

Ambrosia

2001/047 - Situation of quarantine pests in Lithuania in 2000

Anastrepha ludens

2001/012 - News from NAPPO

Anastrepha serpentina

2001/156 - News from the Caribbean

Anastrepha suspensa

2001/156 - News from the Caribbean

Anoplophora chinensis

2001/045 - Phytosanitary incidents reported on bonsais and pot plants in the Netherlands

Anoplophora glabripennis

2001/012 - News from NAPPO

2001/072 - Efficacy of chipping logs to eliminate *Anoplophora glabripennis*

2001/135 - First report of *Anoplophora glabripennis* in Austria

2001/136 - Finding of *Anoplophora glabripennis* on a truck in Germany

Anoplophora malasiaca

2001/101 - *Anoplophora malasiaca* found for the first time in Italy

Anthonomus eugenii

2001/081 - New data on quarantine pests and pests of the EPPO Alert List

Anthonomus grandis

2001/014 - Eradication programme against *Anthonomus grandis* in USA

2001/156 - News from the Caribbean

Antigua & Barbuda

2001/156 - News from the Caribbean

EPPO *Reporting Service*

Apple chlorotic leaf roll nepovirus

2001/112 - Virus diseases of stone-fruit trees in East Anatolia, Turkey

Apple dimple fruit apscaviroid

2001/078 - *Apple dimple fruit apscaviroid* is a new and distinct species

Apple mosaic ilarvirus

2001/112 - Virus diseases of stone-fruit trees in East Anatolia, Turkey

2001/171 - New data on quarantine pests and pests of the EPPO Alert List

2001/203 - Survey on virus diseases of almond in Lebanon

Apple proliferation phytoplasma

2001/068 - Insect vectors of apple proliferation phytoplasma

Apricot latent ringspot nepovirus

2001/162 - New virus of apricot found in France: *Apricot latent ringspot nepovirus*

Arabis mosaic nepovirus

2001/112 - Virus diseases of stone-fruit trees in East Anatolia, Turkey

Arceuthobium globosum subsp. grandicaule

2001/165 - New records for dwarf mistletoes in Honduras and Mexico

Arceuthobium hondurensense

2001/165 - New records for dwarf mistletoes in Honduras and Mexico

Argentina

2001/118 - New data on quarantine pests and pests of the EPPO Alert List

Aulacaspis yasumatsui

2001/130 - Additions to the EPPO Alert List: *Neohydatothrips samayunkur* and *Aulacaspis yasumatsui*

Australia

2001/193 - First report of *Meloidogyne fallax* in Australia

Austria

2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000

2001/021 - New data on quarantine pests and pests of the EPPO Alert List

2001/103 - First report of *Clavibacter michiganensis* subsp. *sepedonicus* in Austria

2001/104 - Potato stolbur phytoplasma does not occur in Austria

2001/131 - *Trogoderma granarium* no longer occurs in Austria

2001/135 - First report of *Anoplophora glabripennis* in Austria

Bactrocera dorsalis

2001/012 - News from NAPPO

Bactrocera zonata

2001/006 - *Bactrocera zonata* trapped in Israel

Bahamas

2001/036 - First reports of *Maconellicoccus hirsutus* in Barbados and Bahamas

EPPO *Reporting Service*

2001/063 - First report of *Tomato yellow leaf curl begomovirus* – *Israel* in the Bahamas

Bangladesh

2001/081 - New data on quarantine pests and pests of the EPPO Alert List

Barbados

2001/036 - First reports of *Maconellicoccus hirsutus* in Barbados and Bahamas

2001/055 - New begomoviruses

2001/156 - News from the Caribbean

Barley yellow dwarf luteovirus

2001/118 - New data on quarantine pests and pests of the EPPO Alert List

Beet necrotic yellow vein benyvirus

2001/023 - Outbreak of rhizomania in Denmark

2001/118 - New data on quarantine pests and pests of the EPPO Alert List

2001/142 - Details on quarantine pests in Spain: 2000 situation

Begomoviruses

2001/025 - Begomoviruses of tomato in Nicaragua

2001/026 - First report of *Tomato yellow leaf curl begomovirus* in Louisiana (US)

2001/055 - New begomoviruses

2001/062 - Studies on Tomato yellow leaf curl viruses in some Mediterranean countries

2001/063 - First report of *Tomato yellow leaf curl begomovirus* – *Israel* in the Bahamas

2001/064 - Transmission studies of *Tomato yellow leaf curl begomovirus* by *Bemisia tabaci*

2001/081 - New data on quarantine pests and pests of the EPPO Alert List

2001/113 - Chemical control of insect vectors to prevent virus transmission

2001/118 - New data on quarantine pests and pests of the EPPO Alert List

2001/142 - Details on quarantine pests in Spain: 2000 situation

2001/160 - First report of *Tomato yellow leaf curl begomovirus* in Puerto Rico

2001/161 - Existence of a recombinant between Tomato yellow leaf curl Sardinia and Tomato yellow leaf curl begomoviruses

2001/171 - New data on quarantine pests and pests of the EPPO Alert List

Belgium

2001/124 - Other reports of *Ralstonia solanacearum* on *Pelargonium*

Belize

2001/156 - News from the Caribbean

Bemisia tabaci

2001/029 - First report of *Bemisia tabaci* in Croatia

2001/064 - Transmission studies of *Tomato yellow leaf curl begomovirus* by *Bemisia tabaci*

2001/065 - Details on *Bemisia tabaci* biotype B in India

2001/081 - New data on quarantine pests and pests of the EPPO Alert List

2001/142 - Details on quarantine pests in Spain: 2000 situation

2001/174 - Survey on glasshouse pests in Estonia

Bermuda

2001/021 - New data on quarantine pests and pests of the EPPO Alert List

EPPO Reporting Service

Biology

- 2001/017 - Temperature requirements for the development of *Diabrotica virgifera zea*
- 2001/071 - Studies on damage caused by *Cryptorhynchus mangiferae* to mangoes
- 2001/095 - Studies on viruses present in *Agapanthus* grown in the south of France
- 2001/150 - Studies on the biology of *Diaphorina citri*
- 2001/161 - Existence of a recombinant between Tomato yellow leaf curl Sardinia and Tomato yellow leaf curl begomoviruses
- 2001/164 - Genome sequence of *Watermelon silver mottle tospovirus* completed
- 2001/184 - Citrus strains of *Xylella fastidiosa* can cause coffee leaf scorch

Bolivia

- 2001/141 - First report of *Xanthomonas axonopodis* pv. *citri* in Bolivia

Bosnia & Herzegovina

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000

Brazil

- 2001/021 - New data on quarantine pests and pests of the EPPO Alert List

British Virgin Islands

- 2001/156 - News from the Caribbean

Bulgaria

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000

Bursaphelenchus xylophilus

- 2001/177 - Fumigation treatments against *Bursaphelenchus xylophilus* in wood packing material
- 2001/179 - Meeting between Russia, Finland, Sweden and Estonia on forest quarantine issues
- 2001/188 - News from the Diagnostic Centre of the Dutch NPPO

Cacopsylla costalis

- 2001/068 - Insect vectors of apple proliferation phytoplasma

Cacyreus marshalli

- 2001/009 - *Cacyreus marshalli* continues to spread in the south of France

Callidiellum rufipenne

- 2001/178 - Japanese studies on quarantine treatments against forest pests

Callopietria floridensis

- 2001/116 - Deletions from the EPPO Alert List

Cameraria ohridella

- 2001/116 - Deletions from the EPPO Alert List

Canada

- 2001/010 - Final results of the 2000 survey on plum pox potyvirus in Canada
- 2001/012 - News from NAPPO
- 2001/097 - *Neotoxoptera formosana* does not occur in Canada
- 2001/158 - First report of *Pepino mosaic potyvirus* in Canada and USA

EPPO *Reporting Service*

Ceratitis capitata

- 2001/142 - Details on quarantine pests in Spain: 2000 situation
- 2001/171 - New data on quarantine pests and pests of the EPPO Alert List

Ceratitis rosa

- 2001/081 - New data on quarantine pests and pests of the EPPO Alert List

Cherry chlorotic rusty spot 'virus'

- 2001/116 - Deletions from the EPPO Alert List

Cherry leaf roll nepovirus

- 2001/112 - Virus diseases of stone-fruit trees in East Anatolia, Turkey

Chestnut yellows

- 2001/116 - Deletions from the EPPO Alert List

Chile

- 2001/176 - Pitch canker is present in Chile

China

- 2001/021 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/081 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/132 - *Sternochetus mangiferae* is not present in China

Chino del tomate begomovirus

- 2001/116 - Deletions from the EPPO Alert List

Chrysanthemum stem necrosis tospovirus

- 2001/111 - *Chrysanthemum stem necrosis tospovirus* is transmitted by *Frankliniella schultzei* and *F. occidentalis*

Chrysodeixis eriosoma

- 2001/182 - Interception in Israel of *Chrysodeixis eriosoma* on orchids from the Netherlands

Ciborinia camelliae

- 2001/180 - *Ciborinia camelliae* occurs in Italy

Citrus leprosis virus

- 2001/024 - First report of *Citrus leprosis virus* in Panama

Citrus seed-borne virus

- 2001/116 - Deletions from the EPPO Alert List

Citrus tristeza closterovirus

- 2001/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/142 - Details on quarantine pests in Spain: 2000 situation
- 2001/156 - News from the Caribbean
- 2001/197 - Details on quarantine pests in Algeria

Citrus yellow mosaic badnavirus

- 2001/054 - Molecular characterization of *Citrus yellow mosaic badnavirus*

EPPO Reporting Service

Clavibacter michiganensis subsp. insidiosus

2001/148 - Absence of *Clavibacter michiganensis* subsp. *insidiosus* from Czech Republic

Clavibacter michiganensis subsp. michiganensis

2001/090 - *Clavibacter michiganensis* subsp. *michiganensis* occurs in Algeria

2001/197 - Details on quarantine pests in Algeria

Clavibacter michiganensis subsp. sepedonicus

2001/043 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany: 1999 harvest

2001/044 - Phytosanitary incident: *Clavibacter michiganensis* subsp. *sepedonicus* found in imported potatoes in Finland

2001/047 - Situation of quarantine pests in Lithuania in 2000

2001/103 - First report of *Clavibacter michiganensis* subsp. *sepedonicus* in Austria

2001/105 - Survey on potato bacteria in Estonia: first report of *Clavibacter michiganensis* subsp. *sepedonicus* and absence of *Ralstonia solanacearum*

2001/122 - *Clavibacter michiganensis* subsp. *sepedonicus* occurs in Crete (GR)

2001/137 - *Clavibacter michiganensis* subsp. *sepedonicus* found in Cyprus

2001/138 - Survey on *Clavibacter michiganensis* subsp. *sepedonicus* in Czech Republic

2001/142 - Details on quarantine pests in Spain: 2000 situation

2001/169 - Dig-labelled PCR to detect *Clavibacter michiganensis* subsp. *sepedonicus*

2001/188 - News from the Diagnostic Centre of the Dutch NPPPO

2001/189 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany: 2000 potato harvest

2001/197 - Details on quarantine pests in Algeria

Cnidocampa flavescens

2001/045 - Phytosanitary incidents reported on bonsais and pot plants in the Netherlands

Colletotrichum acutatum

2001/015 - *Colletotrichum acutatum* causes post-bloom fruit drop and lime anthracnose on citrus

2001/171 - New data on quarantine pests and pests of the EPPO Alert List

2001/198 - First report of *Colletotrichum acutatum* on strawberry in Norway

2001/199 - First report of *Colletotrichum acutatum* on strawberry in Finland

Conferences

2001/019 - Symposium on integrated pest management in crops in the Mediterranean region (Rabat, MA, 2001-05-29/30)

2001/020 - 53rd International Symposium on Crop Protection in Gent

2001/187 - 54th International Symposium on Crop Protection in Gent

Control

2001/028 - Presence of *Aleurocanthus woglumi* in French Guiana and success of biological control

2001/096 - Control measures against *Ustilago scitaminea* in Morocco

2001/113 - Chemical control of insect vectors to prevent virus transmission

2001/181 - Biological control against *Rhynchophorus ferrugineus* and details on its distribution in Egypt

Corythucha arcuata

2001/057 - Introduction of *Corythucha arcuata* in Italy. Addition to the EPPO Alert List

Costa Rica

2001/185 - First report of *Xylella fastidiosa* on coffee in Costa Rica

EPPO Reporting Service

Cotton leaf curl begomovirus

- 2001/055 - New begomoviruses
- 2001/081 - New data on quarantine pests and pests of the EPPO Alert List

Crenidorsum aroidephagus

- 2001/133 - Outbreak of a potential pest in Germany: *Crenidorsum aroidephagus*

Criniviruses

- 2001/027 - First report of *Tomato chlorosis crinivirus* in Puerto Rico
- 2001/049 - First report of *Cucurbit yellow stunting disorder crinivirus* in Portugal
- 2001/057 - Introduction of *Corythucha arcuata* in Italy. Addition to the EPPO Alert List
- 2001/058 - Particle lengths of whitefly-transmitted criniviruses

Croatia

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000
- 2001/029 - First report of *Bemisia tabaci* in Croatia
- 2001/067 - Presence of grapevine bois noir phytoplasma in Croatia
- 2001/190 - First report of *Globodera rostochiensis* in Croatia

Cryphonectria parasitica

- 2001/077 - Role of ascospores in the spread of *Cryphonectria parasitica*
- 2001/083 - Details on the situation of several quarantine pests in Hungary in 2000

Cryptorhynchus (Sternochetus) mangiferae

- 2001/035 - First report of *Sternochetus mangiferae* in Grenada
- 2001/071 - Studies on damage caused by *Cryptorhynchus mangiferae* to mangoes
- 2001/132 - *Sternochetus mangiferae* is not present in China
- 2001/156 - News from the Caribbean

Cuba

- 2001/156 - News from the Caribbean

Cucumber vein yellowing virus

- 2001/143 - First report of Cucumber vein yellowing virus in Spain: Addition to the EPPO Alert List

Cucurbit leaf crumple begomovirus

- 2001/055 - New begomoviruses

Cucurbit leaf curl begomovirus

- 2001/055 - New begomoviruses

Cucurbit yellow stunting disorder crinivirus

- 2001/049 - First report of *Cucurbit yellow stunting disorder crinivirus* in Portugal
- 2001/058 - Particle lengths of whitefly-transmitted criniviruses

Cucurbit yellow vine disease

- 2001/183 - First finding of cucurbit yellow vine disease in Massachusetts (US)

Cydia inopinata

- 2001/081 - New data on quarantine pests and pests of the EPPO Alert List

EPPO Reporting Service

Cyprus

2001/137 - *Clavibacter michiganensis* subsp. *sepedonicus* found in Cyprus

Czech Republic

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000
- 2001/048 - First report of *Impatiens necrotic spot tospovirus* in Czech Republic
- 2001/138 - Survey on *Clavibacter michiganensis* subsp. *sepedonicus* in Czech Republic
- 2001/139 - Absence of *Ralstonia solanacearum* in Czech Republic
- 2001/140 - First report of *Globodera pallida* in Czech Republic
- 2001/144 - First report of *Mycosphaerella pini* in Czech Republic
- 2001/145 - Absence of *Mycosphaerella dearnessii* in Czech Republic
- 2001/146 - Details on the occurrence of *Impatiens necrotic spot* and *Tomato spotted wilt tospoviruses* in Czech Republic
- 2001/147 - Absence of *Phytophthora fragariae* var. *fragariae* in Czech Republic
- 2001/148 - Absence of *Clavibacter michiganensis* subsp. *insidiosus* from Czech Republic

Dacus ciliatus

2001/081 - New data on quarantine pests and pests of the EPPO Alert List

Dasineura oxycoccana

2001/116 - Deletions from the EPPO Alert List

Dendrolimus sibiricus

2001/179 - Meeting between Russia, Finland, Sweden and Estonia on forest quarantine issues

Denied record

- 2001/004 - Record of *Diabrotica virgifera* in Albania is denied
- 2001/097 - *Neotoxoptera formosana* does not occur in Canada
- 2001/104 - Potato stolbur phytoplasma does not occur in Austria

Denmark

2001/023 - Outbreak of rhizomania in Denmark

Detailed records

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000
- 2001/009 - *Cacyleus marshalli* continues to spread in the south of France
- 2001/010 - Final results of the 2000 survey on plum pox potyvirus in Canada
- 2001/012 - News from NAPPO
- 2001/014 - Eradication programme against *Anthonomus grandis* in USA
- 2001/021 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/026 - First report of *Tomato yellow leaf curl begomovirus* in Louisiana (US)
- 2001/032 - Further details on the finding of *Diabrotica virgifera* in Switzerland
- 2001/041 - EU survey on *Pepino mosaic potyvirus*
- 2001/042 - *Ralstonia solanacearum*: further details on the situation in France
- 2001/043 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany: 1999 harvest
- 2001/046 - Details on the finding of *Diabrotica virgifera virgifera* in Lombardia, Italy
- 2001/047 - Situation of quarantine pests in Lithuania in 2000
- 2001/053 - High Plains disease found in Washington State (US)
- 2001/054 - Molecular characterization of *Citrus yellow mosaic badnavirus*
- 2001/062 - Studies on *Tomato yellow leaf curl viruses* in some Mediterranean countries
- 2001/065 - Details on *Bemisia tabaci* biotype B in India
- 2001/073 - Survey on *Erwinia amylovora* in pear orchards in Israel

EPPO Reporting Service

- 2001/077 - Role of ascospores in the spread of *Cryphonectria parasitica*
- 2001/081 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/083 - Details on the situation of several quarantine pests in Hungary in 2000
- 2001/085 - Tospoviruses of vegetable crops in Israel
- 2001/089 - Tomato viruses present in Tunisia
- 2001/091 - Details on the situation of *Xanthomonas arboricola* pv. *pruni* and *Xanthomonas vesicatoria* in Slovenia
- 2001/092 - Details on the situation of *Xanthomonas vesicatoria* in Yugoslavia
- 2001/093 - Details on the situation of *Xanthomonas vesicatoria* in southern Spain
- 2001/109 - Update on the situation of *Tilletia indica* in USA: new findings in Texas
- 2001/112 - Virus diseases of stone-fruit trees in East Anatolia, Turkey
- 2001/114 - *Xanthomonas arboricola* pv. *pruni* found in Idaho and Oregon (US)
- 2001/115 - New data on sudden oak death
- 2001/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/119 - Situation of several regulated pests in Israel
- 2001/121 - Present situation of *Erwinia amylovora* in Switzerland
- 2001/122 - *Clavibacter michiganensis* subsp. *sepedonicus* occurs in Crete (GR)
- 2001/123 - Situation of *Ralstonia solanacearum* in Russia
- 2001/124 - Other reports of *Ralstonia solanacearum* on *Pelargonium*
- 2001/128 - Situation of *Pepino mosaic potyvirus* in Germany
- 2001/138 - Survey on *Clavibacter michiganensis* subsp. *sepedonicus* in Czech Republic
- 2001/142 - Details on quarantine pests in Spain: 2000 situation
- 2001/146 - Details on the occurrence of Impatiens necrotic spot and Tomato spotted wilt tospoviruses in Czech Republic
- 2001/150 - Studies on the biology of *Diaphorina citri*
- 2001/156 - News from the Caribbean
- 2001/166 - Situation of grapevine yellows in France in 2001
- 2001/168 - Details on the situation of *Xanthomonas axonopodis* pv. *vesicatoria* on capsicum in Turkey
- 2001/171 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/173 - *Liriomyza trifolii* found in Norway
- 2001/174 - Survey on glasshouse pests in Estonia
- 2001/176 - Pitch canker is present in Chile
- 2001/183 - First finding of cucurbit yellow vine disease in Massachusetts (US)
- 2001/185 - First report of *Xylella fastidiosa* on coffee in Costa Rica
- 2001/188 - News from the Diagnostic Centre of the Dutch NPPO
- 2001/189 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany: 2000 potato harvest
- 2001/192 - Surveys on potato cyst nematodes in Slovakia
- 2001/197 - Details on quarantine pests in Algeria

Diabrotica virgifera virgifera

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000
- 2001/004 - Record of *Diabrotica virgifera* in Albania is denied
- 2001/032 - Further details on the finding of *Diabrotica virgifera* in Switzerland
- 2001/046 - Details on the finding of *Diabrotica virgifera virgifera* in Lombardia, Italy
- 2001/083 - Details on the situation of several quarantine pests in Hungary in 2000
- 2001/188 - News from the Diagnostic Centre of the Dutch NPPO

Diabrotica virgifera zeae

- 2001/017 - Temperature requirements for the development of *Diabrotica virgifera zeae*

Diagnostics

- 2001/011 - Specific monoclonal antibodies to detect the cherry strain of plum pox potyvirus
- 2001/069 - Sieving method to isolate and detect teliospores of *Tilletia indica* in grain samples

EPPO Reporting Service

- 2001/076 - PCR method to detect *Alternaria alternata* apple pathotype (*A. mali*)
- 2001/169 - Dig-labelled PCR to detect *Clavibacter michiganensis* subsp. *sepedonicus*
- 2001/186 - PCR assay to detect *Xylophilus ampelinus* in grapevine cuttings
- 2001/188 - News from the Diagnostic Centre of the Dutch NPPO
- 2001/204 - PCR assay to detect *Phytophthora lateralis*

Diaphorina citri

Ditylenchus destructor

- 2001/047 - Situation of quarantine pests in Lithuania in 2000

Ditylenchus dipsaci

- 2001/021 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/080 - On-line publications concerning seed-borne diseases
- 2001/083 - Details on the situation of several quarantine pests in Hungary in 2000
- 2001/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/188 - News from the Diagnostic Centre of the Dutch NPPO

Dominica

- 2001/156 - News from the Caribbean

Echinothrips americanus

- 2001/021 - New data on quarantine pests and pests of the EPPO Alert List

Egypt

- 2001/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/171 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/181 - Biological control against *Rhynchophorus ferrugineus* and details on its distribution in Egypt

Epidemiology

- 2001/060 - Citrus variegated chlorosis (*Xylella fastidiosa*) can be transmitted through natural root grafts
- 2001/064 - Transmission studies of *Tomato yellow leaf curl begomovirus* by *Bemisia tabaci*
- 2001/068 - Insect vectors of apple proliferation phytoplasma
- 2001/077 - Role of ascospores in the spread of *Cryphonectria parasitica*
- 2001/110 - Further molecular evidence of the non-transmission of *Plum pox potyvirus* through seeds
- 2001/111 - Chrysanthemum stem necrosis tospovirus is transmitted by *Frankliniella schultzei* and *F. occidentalis*
- 2001/163 - *Wheat High plains virus* can be transmitted by seeds of sweet maize
- 2001/202 - Further studies on *Iris yellow spot tospovirus*

Epitrix cucumeris

- 2001/134 - Additions to the EPPO A1 quarantine list

EPPO

Eradication

- 2001/014 - Eradication programme against *Anthonomus grandis* in USA
- 2001/022 - *Ralstonia solanacearum* introduced in France and eradicated
- 2001/075 - Scientific and practical aspects of the eradication programme against *Xanthomonas axonopodis* pv. *citri* in Florida
- 2001/119 - Situation of several regulated pests in Israel
- 2001/120 - First report of *Erwinia amylovora* in Slovenia

Erwinia amylovora

- 2001/073 - Survey on *Erwinia amylovora* in pear orchards in Israel
- 2001/083 - Details on the situation of several quarantine pests in Hungary in 2000
- 2001/120 - First report of *Erwinia amylovora* in Slovenia
- 2001/121 - Present situation of *Erwinia amylovora* in Switzerland
- 2001/142 - Details on quarantine pests in Spain: 2000 situation
- 2001/175 - Survey on *Erwinia amylovora* in Estonia

Erwinia chrysanthemi

- 2001/126 - *Erwinia chrysanthemi* causes sudden decline of date palm in Saudi Arabia

Estonia

- 2001/105 - Survey on potato bacteria in Estonia: first report of *Clavibacter michiganensis* subsp. *sepedonicus* and absence of *Ralstonia solanacearum*
- 2001/174 - Survey on glasshouse pests in Estonia
- 2001/175 - Survey on *Erwinia amylovora* in Estonia
- 2001/179 - Meeting between Russia, Finland, Sweden and Estonia on forest quarantine issues

Fiebertiella florii

- 2001/068 - Insect vectors of apple proliferation phytoplasma

Finland

- 2001/044 - Phytosanitary incident: *Clavibacter michiganensis* subsp. *sepedonicus* found in imported potatoes in Finland
- 2001/086 - *Tomato spotted wilt tospovirus* found again in Finland
- 2001/088 - First report of *Pepino mosaic potyvirus* in Finland
- 2001/127 - *Tomato spotted wilt tospovirus* found again in Finland
- 2001/179 - Meeting between Russia, Finland, Sweden and Estonia on forest quarantine issues
- 2001/191 - The presence of *Globodera pallida* is suspected in Finland
- 2001/199 - First report of *Colletotrichum acutatum* on strawberry in Finland
- 2001/201 - Pest incursions reported in Finland

France

- 2001/009 - *Cacyreus marshalli* continues to spread in the south of France
- 2001/022 - *Ralstonia solanacearum* introduced in France and eradicated
- 2001/042 - *Ralstonia solanacearum*: further details on the situation in France
- 2001/077 - Role of ascospores in the spread of *Cryphonectria parasitica*
- 2001/095 - Studies on viruses present in *Agapanthus* grown in the south of France
- 2001/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/162 - New virus of apricot found in France: *Apricot latent ringspot nepovirus*
- 2001/166 - Situation of grapevine yellows in France in 2001

EPPO Reporting Service

Frankliniella occidentalis

- 2001/047 - Situation of quarantine pests in Lithuania in 2000
- 2001/081 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/111 - *Chrysanthemum stem necrosis tospovirus* is transmitted by *Frankliniella schultzei* and *F. occidentalis*
- 2001/142 - Details on quarantine pests in Spain: 2000 situation
- 2001/171 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/174 - Survey on glasshouse pests in Estonia

Frankliniella schultzei

- 2001/111 - *Chrysanthemum stem necrosis tospovirus* is transmitted by *Frankliniella schultzei* and *F. occidentalis*

French Guiana

- 2001/028 - Presence of *Aleurocanthus woglumi* in French Guiana and success of biological control
- 2001/156 - News from the Caribbean

Fusarium circinatum

- 2001/176 - Pitch canker is present in Chile

Fusarium oxysporum f.sp. albedinis

- 2001/197 - Details on quarantine pests in Algeria

Germany

- 2001/003 - Situation of *Diabrotica virgifera virgifera* in the EPPO region in 2000
- 2001/041 - EU survey on *Pepino mosaic potexvirus*
- 2001/043 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany: 1999 harvest
- 2001/100 - Changes in names of Ministries of Agriculture in Germany and UK
- 2001/106 - Outbreak of *Ralstonia solanacearum* in Pelargonium in Germany
- 2001/115 - New data on sudden oak death
- 2001/128 - Situation of *Pepino mosaic potexvirus* in Germany
- 2001/133 - Outbreak of a potential pest in Germany: *Crenidorsum aroidephagus*
- 2001/136 - Finding of *Anoplophora glabripennis* on a truck in Germany
- 2001/189 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany: 2000 potato harvest

Globodera pallida

- 2001/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2001/140 - First report of *Globodera pallida* in Czech Republic
- 2001/191 - The presence of *Globodera pallida* is suspected in Finland
- 2001/192 - Surveys on potato cyst nematodes in Slovakia

Globodera rostochiensis

- 2001/021 - New data on quarantine pests and pests of the EPPO Alert List
