EPPO *Reporting Service*

No. 12 PARIS, 2006-12-01

CONTENTS

[2006/244](#) - Index of the EPPO Reporting Service

EPPO *Reporting Service*

2006/244 Index of the EPPO Reporting Service

The following index covers all Reporting Service articles published in 2006. This index is also available as an Excel file from the EPPO Web site:

http://archives.eppo.org/EPPOReporting/Reporting_Archives.htm

Absence

- 2006/037 - Absence of *Potato spindle tuber pospiviroid* in Canada
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/112 - Absence of *Crassula helmsii* in Portugal
- 2006/163 - *Anastrepha manizaliensis*: a new fruit fly species in Colombia
- 2006/201 - Survey on *Bursaphelenchus* species in Switzerland
- 2006/202 - *Erwinia amylovora* eradicated from Ireland

Acacia cyclops

- 2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Acacia nilotica

- 2006/240 - Climate change and the potential distribution of an invasive alien plant: *Acacia nilotica* in Australia

Acer negundo

- 2006/217 - Invasive species in the flora of the Upper Volga Basin
- 2006/219 - Urban hedges: a cradle for plant invaders?

Acidovorax avenae* subsp. *citrulli

- 2006/012 - Pest status of *Acidovorax avenae* subsp. *citrulli* in Israel

Acizzia jamatonica

- 2006/006 - Further details on the occurrence of *Acizzia jamatonica* in France
- 2006/007 - Trials on chemical control of *Acizzia jamatonica*
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List

Agrilus planipennis

- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/126 - First report of *Agrilus planipennis* in Illinois (US)
- 2006/205 - Current situation of *Agrilus planipennis* in Canada
- 2006/206 - *Spathius agrili* is a parasitoid of *Agrilus planipennis* in China
- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Agrilus prionurus

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Ailanthus altissima

- 2006/068 - Invasive plant species in Portugal: an overview
- 2006/070 - Exotic plant species in Baleares, Spain
- 2006/093 - Current list of neophytes in Hungary
- 2006/135 - Catalogue of alien plants in the Czech Republic

EPPO Reporting Service

- 2006/152 - Impact assessment of *Ailanthus altissima*, *Carpobrotus* spp. and *Oxalis pes-caprae* on eight Mediterranean islands
2006/194 - Invasive alien plants in Croatia
2006/216 - Invasive alien plants in Romania

Alert List

- 2006/009 - First report of *Raoiella indica* in Martinique: addition to the EPPO Alert List
2006/030 - First report of *Nysius huttoni* in the Netherlands and Belgium: addition to the EPPO Alert List
2006/129 - First report of *Phaedon brassicae* in Italy: addition to the EPPO Alert List
2006/130 - *Marchalina hellenica* is spreading in Greece: addition to the EPPO Alert List
2006/168 - Interception of *Metamasius hemipterus* in the Netherlands on imported palm trees: addition to the EPPO Alert List
2006/190 - Addition of *Leptocybe invasa* to the EPPO Alert List

Aleurotulus nephrolepidis

- 2006/161 - Incursion of *Aleurotulus nephrolepidis* in Germany

Algeria

- 2006/124 - First report of brittle leaf disease of date palm (maladie des feuilles cassantes) in Algeria

Alternaria yaliinficiens

- 2006/035 - A new *Alternaria* species identified on Ya Li pears (*Pyrus bretschneideri*)

Amaranthus retroflexus

- 2006/093 - Current list of neophytes in Hungary

Ambrosia artemisiifolia

- 2006/021 - New records of invasive plants in the county of Šibenik and Knin (Croatia)
2006/091 - Survey on weeds in arable crops in France
2006/111 - Behaviour of glufosinate and glyphosate in *Ambrosia artemisiifolia*
2006/135 - Catalogue of alien plants in the Czech Republic
2006/192 - *Ambrosia artemisiifolia* in European countries: impacts and management options
2006/193 - Seed demography of *Ambrosia artemisiifolia*
2006/194 - Invasive alien plants in Croatia
2006/216 - Invasive alien plants in Romania
2006/217 - Invasive species in the flora of the Upper Volga Basin

Ambrosiodmus lewisi

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

American plum line pattern ilarvirus

- 2006/065 - Multiplex RT-PCR to detect eight stone fruit viruses
2006/166 - First report of *American plum line pattern ilarvirus* in Lebanon

Amorpha fruticosa

- 2006/194 - Invasive alien plants in Croatia
2006/216 - Invasive alien plants in Romania

Amsinckia

- 2006/114 - New weed problems in Spain

Anastrepha ludens

- 2006/163 - *Anastrepha manizaliensis*: a new fruit fly species in Colombia

EPPO Reporting Service

Anastrepha manizaliensis

2006/163 - *Anastrepha manizaliensis*: a new fruit fly species in Colombia

Anastrepha obliqua

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Anoplophora chinensis

2006/096 - Current situation of *Anoplophora glabripennis* and *A. chinensis* in France

2006/097 - Situation of *Anoplophora chinensis* in Italy

2006/098 - Recent interceptions of *Anoplophora* species in United Kingdom

2006/099 - *Anoplophora chinensis* eradicated from the Netherlands

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Anoplophora glabripennis

2006/025 - New data on quarantine pests and pests of the EPPO Alert List

2006/063 - Detection and eradication of *Anoplophora glabripennis* in Yokohama, Japan

2006/096 - Current situation of *Anoplophora glabripennis* and *A. chinensis* in France

2006/098 - Recent interceptions of *Anoplophora* species in United Kingdom

2006/100 - Detection and eradication of *Anoplophora glabripennis* in Yokohama, Japan

2006/207 - Sulfuryl fluoride fumigation of wood packing material against *Anoplophora glabripennis*

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Aonidiella citrina

2006/087 - Update on the situation of *Aonidiella citrina* in Italy

Apiosporina morbosa

2006/036 - PCR test to detect *Apiosporina morbosa*

Apple mosaic ilarvirus

2006/065 - Multiplex RT-PCR to detect eight stone fruit viruses

Apple proliferation (Phytoplasma mali)

2006/013 - Outbreak of *Phytoplasma mali* (apple proliferation) in Germany

2006/064 - Real-time PCR tests for flavescence dorée, bois noir and apple proliferation phytoplasmas

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Apricot pseudo-chlorotic leaf spot trichovirus

2006/081 - Apricot pseudo-chlorotic leaf spot virus: a new *Trichovirus* of stone fruit trees

Argentina

2006/051 - Detailed situation of *Plum pox potyvirus* in Argentina

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Artemisia verlotiorum

2006/021 - New records of invasive plants in the county of Šibenik and Knin (Croatia)

Asparagus asparagoides

2006/133 - *Asparagus asparagoides*: an invasive plant in Australia

Atriplex oblongifolia

2006/154 - *Commelina communis* and *Atriplex oblongifolia*: two alien plants spreading in the north-east of France (Alsace)

EPPO Reporting Service

Atriplex semilunaris

2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Australia

2006/118 - New data on quarantine pests and pests of the EPPO Alert List

2006/133 - *Asparagus asparagoides*: an invasive plant in Australia

2006/240 - Climate change and the potential distribution of an invasive alien plant: *Acacia nilotica* in Australia

Austria

2006/139 - Eradication of *Monilinia fructicola* in Austria

2006/179 - Eradication of *Clavibacter michiganensis* subsp. *sepedonicus* in Austria

Azolla filiculoides

2006/068 - Invasive plant species in Portugal: an overview

2006/216 - Invasive alien plants in Romania

Bactrocera invadens

2006/146 - First report of *Bactrocera invadens* in Comoros

Bactrocera latifrons

2006/228 - First report of *Bactrocera latifrons* in Tanzania

Bactrocera zonata

2006/002 - Current situation of *Bactrocera zonata* in Réunion

2006/128 - *Bactrocera zonata* caught in California, USA

Belgium

2006/030 - First report of *Nysius huttoni* in the Netherlands and Belgium: addition to the EPPO Alert List

2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Bemisia tabaci

2006/025 - New data on quarantine pests and pests of the EPPO Alert List

2006/029 - Studies on geographical populations of *Bemisia tabaci* in China

2006/076 - New data for quarantine pests and pests on the EPPO Alert List

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

2006/118 - New data on quarantine pests and pests of the EPPO Alert List

Berberis thunbergii

2006/219 - Urban hedges: a cradle for plant invaders?

Bidens frondosa

2006/093 - Current list of neophytes in Hungary

2006/135 - Catalogue of alien plants in the Czech Republic

2006/136 - Invasions by alien plants in the Czech Republic: a quantitative assessment across habitats

2006/194 - Invasive alien plants in Croatia

2006/217 - Invasive species in the flora of the Upper Volga Basin

Bidens pilosa

2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Biological control

2006/149 - Successful control of the introduced species *Ctenarytaina eucalypti* with *Psyllaephagus pilosus* in Germany

EPPO Reporting Service

2006/206 - *Spathius agrili* is a parasitoid of *Agrilus planipennis* in China

Biology

- 2006/071 - Competition between the invasive species *Carpobrotus edulis* and the endemic species *Limonium emarginatum* in the Strait of Gibraltar
- 2006/092 - Harmful *Orthops* species (Heteroptera: Miridae) occurring on *Heracleum sosnowskyi*
- 2006/108 - Studies on the survival of *Ralstonia solanacearum* on different types of packing material
- 2006/111 - Behaviour of glufosinate and glyphosate in *Ambrosia artemisiifolia*
- 2006/150 - *Leptographium longiclavatum*: a new species associated with *Dendroctonus ponderosae*
- 2006/172 - Comparison of *Oxalis pes-caprae* spread in islands and mainland areas of Spain
- 2006/193 - Seed demography of *Ambrosia artemisiifolia*
- 2006/199 - *Erechtites hieracifolia* reproduction biology
- 2006/222 - Impact of *Reynoutria* spp. on invertebrate communities
- 2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Blastopsylla occidentalis

2006/187 - *Blastopsylla occidentalis*: a new eucalyptus psyllid found in Italy

Bois noir phytoplasma

- 2006/064 - Real-time PCR tests for flavescence dorée, bois noir and apple proliferation phytoplasmas
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/167 - First report of stolbur phytoplasma causing bois noir on grapevine in Bulgaria

Bolivia

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/237 - Potato diseases in the Andes

Bosnia & Herzegovina

- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Brazil

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Brittle leaf disease of date palm

2006/124 - First report of brittle leaf disease of date palm (maladie des feuilles cassantes) in Algeria

Bulgaria

- 2006/158 - First report of *Clavibacter michiganensis* subsp. *sepedonicus* in Bulgaria
- 2006/167 - First report of stolbur phytoplasma causing bois noir on grapevine in Bulgaria

Bursaphelenchus xylophilus

- 2006/040 - International Symposium on pine wilt disease, Lisbon (2006-07-10/14)
- 2006/066 - Real-time PCR to detect *Bursaphelenchus xylophilus*
- 2006/201 - Survey on *Bursaphelenchus* species in Switzerland

Cabomba caroliniana

2006/173 - Datasheets on invasive alien plants in Hungary

Cacyreus marshalli

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

EPPO *Reporting Service*

Caesalpinia spinosa

2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Callidiellum rufipenne

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Canada

2006/025 - New data on quarantine pests and pests of the EPPO Alert List

2006/037 - Absence of *Potato spindle tuber pospiviroid* in Canada

2006/205 - Current situation of *Agrilus planipennis* in Canada

Carpobrotus

2006/071 - Competition between the invasive species *Carpobrotus edulis* and the endemic species *Limonium emarginatum* in the Strait of Gibraltar

2006/074 - Eradication of *Carpobrotus* spp. in Minorca (Spain)

2006/152 - Impact assessment of *Ailanthus altissima*, *Carpobrotus* spp. and *Oxalis pes-caprae* on eight Mediterranean islands

2006/194 - Invasive alien plants in Croatia

Carpophilus sayi

2006/209 - Studies on dispersal of *Ceratocystis fagacearum* by nitidulid beetles

Casuarina equisetifolia

2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Cayman Islands

2006/076 - New data for quarantine pests and pests on the EPPO Alert List

2006/118 - New data on quarantine pests and pests of the EPPO Alert List

Cenchrus incertus

2006/093 - Current list of neophytes in Hungary

2006/173 - Datasheets on invasive alien plants in Hungary

Ceratitis capitata

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Ceratocystis fagacearum

2006/209 - Studies on dispersal of *Ceratocystis fagacearum* by nitidulid beetles

Chasmanthe floribunda

2006/022 - New records of naturalised plants in Andalucía (Spain)

Cherry chlorotic rusty spot disease

2006/082 - Further research on the etiology of cherry chlorotic rusty spot disease

Chestnut yellows

2006/034 - New disorder of chestnut found in Marche region (Italy)

Chile

2006/164 - Details on the situation of forestry pests in Chile

EPPO Reporting Service

China

- 2006/029 - Studies on geographical populations of *Bemisia tabaci* in China
- 2006/035 - A new *Alternaria* species identified on Ya Li pears (*Pyrus bretschneideri*)
- 2006/062 - Details on the situation of *Lissorhoptrus oryzophilus* in China
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/078 - *Plum pox potyvirus* found in apricot samples collected in China
- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/206 - *Spathius agrili* is a parasitoid of *Agrilus planipennis* in China
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Chrysomphalus dictyospermi

- 2006/203 - Incursion of *Chrysomphalus dictyospermi* and *Pinnaspis aspidistrae* in Germany

Ciborinia camelliae

- 2006/103 - First report of *Ciborinia camelliae* in the Netherlands

Citrus leprosis virus

- 2006/121 - First report of Citrus leprosis virus in Honduras
- 2006/122 - First report of Citrus leprosis virus in Colombia

Citrus tristeza closterovirus

- 2006/053 - First report of *Citrus tristeza closterovirus* in Sudan
- 2006/054 - *Citrus tristeza closterovirus* occurs in Jordan
- 2006/182 - Outbreak of *Citrus tristeza virus* in Calabria, Italy
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/214 - Studies on *Citrus tristeza virus* in Iran
- 2006/215 - Studies on *Citrus tristeza virus* Egyptian isolates

Clavibacter michiganensis subsp. *sepedonicus*

- 2006/039 - International course on 'The use of real-time BIO-PCR for detecting brown rot and ring rot bacteria on potatoes', Ankara, 2006-06-26/30
- 2006/158 - First report of *Clavibacter michiganensis* subsp. *sepedonicus* in Bulgaria
- 2006/179 - Eradication of *Clavibacter michiganensis* subsp. *sepedonicus* in Austria

Colombia

- 2006/122 - First report of Citrus leprosis virus in Colombia
- 2006/163 - *Anastrepha manizaliensis*: a new fruit fly species in Colombia

Colopterus truncatus

- 2006/209 - Studies on dispersal of *Ceratocystis fagacearum* by nitidulid beetles

Commelina communis

- 2006/154 - *Commelina communis* and *Atriplex oblongifolia*: two alien plants spreading in the north-east of France (Alsace)

Comoros

- 2006/146 - First report of *Bactrocera invadens* in Comoros

Conferences

- 2006/017 - EPPO - FAO/North Africa - Workshop on *Solanum elaeagnifolium* in Sousse, TN, 2006-05-29/31
- 2006/024 - Announcement of the Neobiota Conference in Vienna, AT, 2006-09-27/29
- 2006/040 - International Symposium on pine wilt disease, Lisbon (2006-07-10/14)

EPPO Reporting Service

- 2006/067 - Proceedings of the International Workshop “Invasive Plants in the Mediterranean Type Regions of the World”, 2005-05-25/27, Mèze (France)
- 2006/090 - EPPO Conference on Computer Aids for Plant Protection (Wageningen, NL, 2006-10-17/19)
- 2006/094 - Symposium ‘An Evolutionary Perspective of Biological Invasions’, Fribourg (CH), 2006-10-2/3
- 2006/155 - Conclusions and recommendations from the EPPO/FAO workshop on *Solanum elaeagnifolium*
- 2006/157 - 12th ISBCW International Symposium on Biological Control of Weeds (La Grande Motte, FR, 2006-04-22/27)
- 2006/176 - Weed busters - Invasive plant conference: educating professionals and volunteers
- 2006/177 - Conference on effective control of *Reynoutria* spp. and other invasive alien plants in Europe (Falmouth, GB, 2007-03-21/22)
- 2006/191 - ‘European meeting on Plum pox virus 2007’ (Pula, HR, 2007-09-24/28)
- 2006/192 - *Ambrosia artemisiifolia* in European countries: impacts and management options

Control

- 2006/007 - Trials on chemical control of *Acizzia jamatonica*
- 2006/073 - Control of *Pistia stratiotes* in Andalucía (Spain)
- 2006/111 - Behaviour of glufosinate and glyphosate in *Ambrosia artemisiifolia*
- 2006/221 - Management of *Sicyos angulatus* in the Republic of Korea

Conyza sumatrensis

- 2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Crassula helmsii

- 2006/023 - *Crassula helmsii* found in France
- 2006/112 - Absence of *Crassula helmsii* in Portugal
- 2006/178 - New additions to the EPPO Lists

Croatia

- 2006/021 - New records of invasive plants in the county of Šibenik and Knin (Croatia)
- 2006/137 - *Solanum elaeagnifolium* threatens Croatian hot spots of biodiversity
- 2006/191 - ‘European meeting on Plum pox virus 2007’ (Pula, HR, 2007-09-24/28)
- 2006/194 - Invasive alien plants in Croatia

Cryphonectria parasitica

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/210 - First report of *Cryphonectria parasitica* in Iran

Cryptorhynchus

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Ctenarytaina spatulata

- 2006/149 - Successful control of the introduced species *Ctenarytaina eucalypti* with *Psyllaephagus pilosus* in Germany

Cucumber vein yellowing ipomovirus

- 2006/032 - First report of *Cucurbit yellow stunting disorder crinivirus* and *Cucumber vein yellowing ipomovirus* in Cyprus

Cucurbit yellow stunting disorder crinivirus

- 2006/032 - First report of *Cucurbit yellow stunting disorder crinivirus* and *Cucumber vein yellowing ipomovirus* in Cyprus
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List

EPPO Reporting Service

Curtobacterium flaccumfaciens* pv. *flaccumfaciens

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/120 - *Curtobacterium flaccumfaciens* pv. *flaccumfaciens* reported in Spain
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List

Cylindrocladium buxicola

- 2006/204 - First report of *Cylindrocladium buxicola* in Germany

Cyperus

- 2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)
- 2006/115 - Non-indigenous flora of the Azores Archipelago (PT)

Cyprus

- 2006/032 - First report of *Cucurbit yellow stunting disorder crinivirus* and *Cucumber vein yellowing ipomovirus* in Cyprus
- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update

Czech Republic

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/135 - Catalogue of alien plants in the Czech Republic
- 2006/136 - Invasions by alien plants in the Czech Republic: a quantitative assessment across habitats
- 2006/153 - Impact of *Impatiens glandulifera* on riparian habitats in the Czech Republic and the UK

Dasineura oxycoccana

- 2006/160 - New pests found in Slovenia

Dendroctonus ponderosae

- 2006/150 - *Leptographium longiclavatum*: a new species associated with *Dendroctonus ponderosae*

Denied record

- 2006/112 - Absence of *Crassula helmsii* in Portugal

Denmark

- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update

Detailed records

- 2006/002 - Current situation of *Bactrocera zonata* in Réunion
- 2006/003 - Current situation of *Rhagoletis cingulata* in Germany
- 2006/006 - Further details on the occurrence of *Acizzia jamatonica* in France
- 2006/010 - *Puccinia horiana* found in Hungary
- 2006/013 - Outbreak of *Phytoplasma mali* (apple proliferation) in Germany
- 2006/018 - Call for information on *Solanum elaeagnifolium* geographical distribution
- 2006/021 - New records of invasive plants in the county of Šibenik and Knin (Croatia)
- 2006/022 - New records of naturalised plants in Andalucía (Spain)
- 2006/023 - *Crassula helmsii* found in France
- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/026 - *Opogona sacchari* found in Poland
- 2006/027 - *Dryocosmus kuriphilus* reported in Abruzzo and Lazio (Italy)
- 2006/028 - Details on *Rhynchophorus ferrugineus* in Sicilia (Italy)
- 2006/029 - Studies on geographical populations of *Bemisia tabaci* in China
- 2006/033 - Studies on Tomato yellow leaf curl begomoviruses in Jordan
- 2006/044 - *Senecio inaequidens* naturalized in Taiwan
- 2006/050 - Further details on the situation of *Gibberella circinata* in Spain
- 2006/051 - Detailed situation of *Plum pox potyvirus* in Argentina

EPPO Reporting Service

- 2006/052 - *Plum pox potyvirus* found again in Switzerland
- 2006/054 - *Citrus tristeza closterovirus* occurs in Jordan
- 2006/061 - First record of *Globodera pallida* in Ukraine
- 2006/062 - Details on the situation of *Lissorhoptrus oryzophilus* in China
- 2006/068 - Invasive plant species in Portugal: an overview
- 2006/069 - Present knowledge on invasive plants in Morocco
- 2006/070 - Exotic plant species in Baleares, Spain
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/084 - *Murraya paniculata* is not a host of '*Candidatus Liberibacter asiaticum*'
- 2006/087 - Update on the situation of *Aonidiella citrina* in Italy
- 2006/091 - Survey on weeds in arable crops in France
- 2006/093 - Current list of neophytes in Hungary
- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/096 - Current situation of *Anoplophora glabripennis* and *A. chinensis* in France
- 2006/097 - Situation of *Anoplophora chinensis* in Italy
- 2006/102 - First report of *Phytophthora ramorum* on *Fagus sylvatica* in the Netherlands
- 2006/105 - *Paysandisia archon* found in large palms in Puglia (Italy)
- 2006/106 - *Toxoptera citricidus* in Spain and Portugal
- 2006/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/126 - First report of *Agrilus planipennis* in Illinois (US)
- 2006/128 - *Bactrocera zonata* caught in California, USA
- 2006/133 - *Asparagus asparagoides*: an invasive plant in Australia
- 2006/135 - Catalogue of alien plants in the Czech Republic
- 2006/136 - Invasions by alien plants in the Czech Republic: a quantitative assessment
- 2006/137 - *Solanum elaeagnifolium* threatens Croatian hot spots of biodiversity
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/140 - *Plum pox potyvirus* found in New York and Michigan (US)
- 2006/143 - Current situation of *Eutypella parasitica* in Slovenia
- 2006/144 - Current situation of *Diaporthe vaccinii* in Lithuania
- 2006/154 - *Commelina communis* and *Atriplex oblongifolia*: two alien plants spreading France (Alsace)
- 2006/164 - Details on the situation of forestry pests in Chile
- 2006/174 - *Humulus japonicus*: an emerging invader
- 2006/182 - Outbreak of *Citrus tristeza virus* in Calabria, Italy
- 2006/183 - Incursion of *Tomato ringspot virus* in *Hosta* plants in Germany
- 2006/184 - Tomato infectious chlorosis and Tomato chlorosis viruses found in Campania
- 2006/194 - Invasive alien plants in Croatia
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/205 - Current situation of *Agrilus planipennis* in Canada
- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA
- 2006/214 - Studies on *Citrus tristeza virus* in Iran
- 2006/215 - Studies on *Citrus tristeza virus* Egyptian isolates
- 2006/216 - Invasive alien plants in Romania
- 2006/217 - Invasive species in the flora of the Upper Volga Basin
- 2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)
- 2006/219 - Urban hedges: a cradle for plant invaders?
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/227 - *Rhynchophorus ferrugineus* found in Lazio region, Italy
- 2006/229 - Further finding of *Potato spindle tuber viroid* on ornamental Solanaceae in the Netherlands
- 2006/230 - New records of *Phakopsora pachyrhizi* in North America
- 2006/233 - First record of *Xanthomonas arboricola* pv. *corylina* in Sardegna and Sicilia (IT)
- 2006/234 - Details on the situation of *Erwinia amylovora* in Iran
- 2006/237 - Potato diseases in the Andes

EPPO Reporting Service

Diagnosics

- 2006/036 - PCR test to detect *Apiosporina morbosa*
- 2006/064 - Real-time PCR tests for flavescence dorée, bois noir and apple proliferation phytoplasmas
- 2006/065 - Multiplex RT-PCR to detect eight stone fruit viruses
- 2006/066 - Real-time PCR to detect *Bursaphelenchus xylophilus*
- 2006/086 - Multiplex RT-PCR to detect tospoviruses
- 2006/109 - PCR test to detect *Xanthomonas axonopodis* pv. *dieffenbachiae*
- 2006/165 - PCR-RFLP assay to differentiate *Liriomyza huidobrensis* from *L. bryoniae*, *L. trifolii* and *Chromatomyia horticola* in lettuce crops
- 2006/211 - Real-time PCR to detect *Phytophthora ramorum* and *P. pseudosyringae*
- 2006/213 - Molecular identification key for *Scirtothrips* pest species

Diaphorina citri

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List

Diaporthe vaccinii

- 2006/144 - Current situation of *Diaporthe vaccinii* in Lithuania

Dichondra micrantha

- 2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Distribution Lists

- 2006/018 - Call for information on *Solanum elaeagnifolium* geographical distribution
- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update
- 2006/243 - *Eichhornia crassipes* in the EPPO region

Ditylenchus dipsaci

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List

Dominican Republic

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/212 - *Papilio demoleus*, a potential citrus pest newly found in the Caribbean

Dryocosmus kuriphilus

- 2006/027 - *Dryocosmus kuriphilus* reported in Abruzzo and Lazio (Italy)
- 2006/101 - First record of *Dryocosmus kuriphilus* in Slovenia

Duchesnea indica

- 2006/219 - Urban hedges: a cradle for plant invaders?

Echinocystis lobata

- 2006/217 - Invasive species in the flora of the Upper Volga Basin

EFSA

- 2006/015 - The European Food Safety Authority (EFSA) is establishing a new Panel on plant health

Eggplant mottle dwarf nucleorhabdovirus

- 2006/236 - First report of *Eggplant mottled dwarf virus* in Slovenia

Egypt

- 2006/215 - Studies on *Citrus tristeza virus* Egyptian isolates

Eichhornia crassipes

- 2006/243 - *Eichhornia crassipes* in the EPPO region

EPPO Reporting Service

Elide asparagoides

2006/046 - Observations on *Elide asparagoides* and *Polygala myrtifolia* in Corse, France

Elodea canadensis

2006/173 - Datasheets on invasive alien plants in Hungary

Elodea nuttallii

2006/173 - Datasheets on invasive alien plants in Hungary

2006/216 - Invasive alien plants in Romania

Epidemiology

2006/083 - *Cacopsylla pyri* is a vector of pear decline in Spain

2006/147 - *Frankliniella cephalica*: a new vector of *Tomato spotted wilt tospovirus*

2006/148 - *Homalodisca coagulata* can transmit citrus variegated chlorosis

2006/209 - Studies on dispersal of *Ceratocystis fagacearum* by nitidulid beetles

EPPO

2006/017 - EPPO - FAO/North Africa - Workshop on *Solanum elaeagnifolium* in Sousse, TN, 2006-05-29/31

2006/117 - EPPO welcomes Moldova as its 48th member country

2006/155 - Conclusions and recommendations from the EPPO/FAO workshop on *Solanum elaeagnifolium*

2006/178 - New additions to the EPPO Lists

2006/244 - Index of the EPPO Reporting Service

Eradication

2006/020 - Eradication of *Solanum elaeagnifolium* in Châteauneuf-les-Martigues (France)

2006/045 - Eradication project of *Senecio inaequidens* in Corse, France

2006/063 - Detection and eradication of *Anoplophora glabripennis* in Yokohama, Japan

2006/074 - Eradication of *Carpobrotus* spp. in Minorca (Spain)

2006/099 - *Anoplophora chinensis* eradicated from the Netherlands

2006/100 - Detection and eradication of *Anoplophora glabripennis* in Yokohama, Japan

2006/123 - Eradication of *Xanthomonas axonopodis* pv. *citri* in Florida (US) is no longer considered feasible

2006/139 - Eradication of *Monilinia fructicola* in Austria

2006/142 - Isolated finding of Potato spindle tuber viroid on *Solanum jasminoides* in the Netherlands

2006/159 - Isolated finding of *Potato spindle tuber viroid* on *Solanum jasminoides* in Germany

2006/162 - Incursion of *Helicoverpa armigera* in the Netherlands

2006/170 - Eradication of *Sicyos angulatus* in maize fields in Spain

2006/179 - Eradication of *Clavibacter michiganensis* subsp. *sepedonicus* in Austria

2006/202 - *Erwinia amylovora* eradicated from Ireland

Erechtites hieracifolia

2006/199 - *Erechtites hieracifolia* reproduction biology

Erwinia amylovora

2006/025 - New data on quarantine pests and pests of the EPPO Alert List

2006/202 - *Erwinia amylovora* eradicated from Ireland

2006/234 - Details on the situation of *Erwinia amylovora* in Iran

Etiology

2006/082 - Further research on the etiology of cherry chlorotic rusty spot disease

EPPO Reporting Service

Eupatorium inulaefolium

2006/134 - *Tagetes minuta* and *Eupatorium inulaefolium* newly naturalized in Taiwan

Euphorbia mosaic begomovirus

2006/200 - New data on quarantine pests and pests of the EPPO Alert List

European stone fruit yellows phytoplasma

2006/151 - Surveys on phytoplasma diseases of fruit trees in Turkey

Eutypella parasitica

2006/143 - Current situation of *Eutypella parasitica* in Slovenia

Euwallacea fornicatus

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

France

- 2006/006 - Further details on the occurrence of *Acizzia jamatonica* in France
- 2006/020 - Eradication of *Solanum elaeagnifolium* in Châteauneuf-les-Martigues (France)
- 2006/023 - *Crassula helmsii* found in France
- 2006/045 - Eradication project of *Senecio inaequidens* in Corse, France
- 2006/046 - Observations on *Elide asparagoides* and *Polygala myrtifolia* in Corse, France
- 2006/091 - Survey on weeds in arable crops in France
- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/096 - Current situation of *Anoplophora glabripennis* and *A. chinensis* in France
- 2006/104 - First report of *Gibberella circinata* in France
- 2006/141 - First report of *Iris yellow spot tospovirus* in France
- 2006/154 - *Commelina communis* and *Atriplex oblongifolia*: two alien plants spreading in the north-east of France (Alsace)
- 2006/174 - *Humulus japonicus*: an emerging invader
- 2006/189 - First report of two new eucalyptus pests in the South of France: *Ophelimus maskelli* and *Leptocybe invasa*
- 2006/225 - First record of *Rhynchophorus ferrugineus* in France

Frankliniella occidentalis

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Genetics

- 2006/116 - Origin and evolution of invasive naturalized *Rhododendron ponticum* in the British Isles
- 2006/198 - Genetic relationships between *Heracleum* species in its invaded and native ranges
- 2006/235 - Structure and origin of *Xanthomonas arboricola* pv. *pruni* populations in western Europe

Germany

- 2006/003 - Current situation of *Rhagoletis cingulata* in Germany
- 2006/011 - Outbreaks of *Xanthomonas arboricola* pv. *corylina* in Germany
- 2006/013 - Outbreak of *Phytoplasma mali* (apple proliferation) in Germany
- 2006/149 - Successful control of the introduced species *Ctenarytaina eucalypti* with *Psyllaephagus pilosus* in Germany
- 2006/159 - Isolated finding of *Potato spindle tuber viroid* on *Solanum jasminoides* in Germany
- 2006/161 - Incursion of *Aleurotulus nephrolepidis* in Germany
- 2006/181 - Incursion of Stolbur phytoplasma in potatoes in Germany
- 2006/183 - Incursion of *Tomato ringspot virus* in *Hosta* plants in Germany
- 2006/198 - Genetic relationships between *Heracleum* species in its invaded and native ranges
- 2006/203 - Incursion of *Chrysomphalus dictyospermi* and *Pinnaspis aspidistrae* in Germany
- 2006/204 - First report of *Cylindrocladium buxicola* in Germany

EPPO Reporting Service

Gibberella circinata (Fusarium circinatum)

- 2006/050 - Further details on the situation of *Gibberella circinata* in Spain
- 2006/104 - First report of *Gibberella circinata* in France

Globodera pallida

- 2006/061 - First record of *Globodera pallida* in Ukraine
- 2006/125 - First report of *Globodera pallida* in USA

Globodera rostochiensis

- 2006/061 - First record of *Globodera pallida* in Ukraine

Glomerella acutata (Colletotrichum acutatum)

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/145 - First report of *Glomerella acutata* in Malta

Glycaspis brimblecombei

- 2006/164 - Details on the situation of forestry pests in Chile

Gonipterus scutellatus

- 2006/164 - Details on the situation of forestry pests in Chile

Grapevine flavescence dorée phytoplasma

- 2006/055 - First record of Grapevine flavescence dorée phytoplasma in Switzerland
- 2006/064 - Real-time PCR tests for flavescence dorée, bois noir and apple proliferation phytoplasmas

Greece

- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update
- 2006/130 - *Marchalina hellenica* is spreading in Greece: addition to the EPPO Alert List
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/188 - First records of *Ophelimus eucalypti* on eucalyptus in Italy, Greece and Spain
- 2006/226 - First report of *Rhynchophorus ferrugineus* in Greece

Guadeloupe

- 2006/008 - First record of *Melanagromyza obtusa* in Guadeloupe
- 2006/186 - First records of *Raoiella indica* in Guadeloupe and in Trinidad and Tobago

Helianthus tuberosus

- 2006/093 - Current list of neophytes in Hungary
- 2006/135 - Catalogue of alien plants in the Czech Republic
- 2006/194 - Invasive alien plants in Croatia
- 2006/216 - Invasive alien plants in Romania

Helicoverpa armigera

- 2006/162 - Incursion of *Helicoverpa armigera* in the Netherlands

Heracleum mantegazzianum

- 2006/135 - Catalogue of alien plants in the Czech Republic
- 2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Heracleum sosnowskyi

- 2006/092 - Harmful *Orthops* species (Heteroptera: Miridae) occurring on *Heracleum sosnowskyi*
- 2006/093 - Current list of neophytes in Hungary
- 2006/217 - Invasive species in the flora of the Upper Volga Basin

EPPO *Reporting Service*

Heteranthera

- 2006/113 - First records of *Heteranthera* in the Delta del Ebro, Spain
- 2006/114 - New weed problems in Spain

Heterobostrychus hamatipennis

- 2006/131 - Another report of *Heterobostrychus hamatipennis* in Europe
- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Heterodera glycines

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List

Homalodisca coagulata

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/148 - *Homalodisca coagulata* can transmit citrus variegated chlorosis
- 2006/178 - New additions to the EPPO Lists

Honduras

- 2006/121 - First report of Citrus leprosis virus in Honduras

Host plants

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/031 - Strawberry is a host plant for *Meloidogyne fallax*
- 2006/032 - First report of *Cucurbit yellow stunting disorder crinivirus* and *Cucumber vein yellowing ipomovirus* in Cyprus
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Humulus japonicus

- 2006/174 - *Humulus japonicus*: an emerging invader

Hungary

- 2006/010 - *Puccinia horiana* found in Hungary
- 2006/085 - New disease of sugar beet 'Syndrome des Basses Richesses' found in Hungary
- 2006/093 - Current list of neophytes in Hungary
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/173 - Datasheets on invasive alien plants in Hungary
- 2006/174 - *Humulus japonicus*: an emerging invader

Hylastes opacus

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Hylurgops palliatus

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Hylurgus ligniperda

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Impatiens glandulifera

- 2006/093 - Current list of neophytes in Hungary
- 2006/135 - Catalogue of alien plants in the Czech Republic
- 2006/153 - Impact of *Impatiens glandulifera* on riparian habitats in the Czech Republic and the UK

EPPO Reporting Service

- 2006/194 - Invasive alien plants in Croatia
- 2006/216 - Invasive alien plants in Romania
- 2006/217 - Invasive species in the flora of the Upper Volga Basin
- 2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Impatiens necrotic spot tospovirus

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/086 - Multiplex RT-PCR to detect tospoviruses

Impatiens parviflora

- 2006/173 - Datasheets on invasive alien plants in Hungary
- 2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Incursion

- 2006/203 - Incursion of *Chrysomphalus dictyospermi* and *Pinnaspis aspidistrae* in Germany
- 2006/204 - First report of *Cylindrocladium buxicola* in Germany

India

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Interceptions

- 2006/088 - EPPO report on notifications of non-compliance
- 2006/098 - Recent interceptions of *Anoplophora* species in United Kingdom
- 2006/131 - Another report of *Heterobostrychus hamatipennis* in Europe
- 2006/132 - EPPO report on notifications of non-compliance
- 2006/168 - Interception of *Metamasius hemipterus* in the Netherlands on imported palm trees: addition to the EPPO Alert List
- 2006/169 - EPPO report on notifications of non-compliance
- 2006/238 - EPPO report on notifications of non-compliance

Invasive alien plants

- 2006/041 - Management of invasive alien plants in Islas Canarias (Spain): regulations are in preparation
- 2006/047 - Invasive plants in Belgium
- 2006/048 - EWRS Working Group on Invasive Plants
- 2006/068 - Invasive plant species in Portugal: an overview
- 2006/069 - Present knowledge on invasive plants in Morocco
- 2006/070 - Exotic plant species in Baleares, Spain
- 2006/072 - Invasive species in Serbia and Montenegro: a threat for biodiversity
- 2006/115 - Non-indigenous flora of the Azores Archipelago (PT)
- 2006/152 - Impact assessment of *Ailanthus altissima*, *Carpobrotus* spp. and *Oxalis pes-caprae* on eight Mediterranean islands
- 2006/153 - Impact of *Impatiens glandulifera* on riparian habitats in the Czech Republic and the UK
- 2006/156 - IUCN Information Platform on Invasive Alien Species in the Mediterranean Basin
- 2006/171 - Management of biological invasions: a review
- 2006/192 - *Ambrosia artemisiifolia* in European countries: impacts and management options
- 2006/196 - How many neophytes hybridize with native plant species in Germany?
- 2006/197 - Differences in invasiveness and competitiveness of hybrids of different ploidy levels
- 2006/198 - Genetic relationships between *Heraclium* species in its invaded and native ranges
- 2006/220 - A theory of plant invasiveness based on biological traits in the area of origin
- 2006/239 - Plant dispersal: the role of man

Ipomoea triloba

- 2006/042 - *Ipomoea triloba*, a new exotic species for the Iberian peninsula

EPPO Reporting Service

Iran

- 2006/059 - First report of *Xanthomonas arboricola* pv. *pruni* in Iran
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/210 - First report of *Cryphonectria parasitica* in Iran
- 2006/214 - Studies on *Citrus tristeza virus* in Iran
- 2006/232 - First record of *Xanthomonas arboricola* pv. *corylina* in Iran
- 2006/234 - Details on the situation of *Erwinia amylovora* in Iran

Ireland

- 2006/202 - *Erwinia amylovora* eradicated from Ireland

Iris yellow spot tospovirus

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/079 - First report of *Iris yellow spot tospovirus* in Peru
- 2006/086 - Multiplex RT-PCR to detect tospoviruses
- 2006/141 - First report of *Iris yellow spot tospovirus* in France

Israel

- 2006/004 - *Opogona sacchari* occurs in Israel
- 2006/005 - *Tetranychus evansi* is present in Israel
- 2006/012 - Pest status of *Acidovorax avenae* subsp. *citrulli* in Israel
- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update

Italy

- 2006/001 - First report of *Rhynchophorus ferrugineus* in Italy
- 2006/007 - Trials on chemical control of *Acizzia jamatonica*
- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/027 - *Dryocosmus kuriphilus* reported in Abruzzo and Lazio (Italy)
- 2006/028 - Details on *Rhynchophorus ferrugineus* in Sicilia (Italy)
- 2006/034 - New disorder of chestnut found in Marche region (Italy)
- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update
- 2006/082 - Further research on the etiology of cherry chlorotic rusty spot disease
- 2006/087 - Update on the situation of *Aonidiella citrina* in Italy
- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/097 - Situation of *Anoplophora chinensis* in Italy
- 2006/105 - *Paysandisia archon* found in large palms in Puglia (Italy)
- 2006/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/129 - First report of *Phaedon brassicae* in Italy: addition to the EPPO Alert List
- 2006/174 - *Humulus japonicus*: an emerging invader
- 2006/182 - Outbreak of *Citrus tristeza virus* in Calabria, Italy
- 2006/184 - Tomato infectious chlorosis and Tomato chlorosis viruses found in Campania and Calabria, Italy
- 2006/185 - First report of *Tetranychus evansi* in Italy
- 2006/187 - *Blastosylla occidentalis*: a new eucalyptus psyllid found in Italy
- 2006/188 - First records of *Ophelimus eucalypti* on eucalyptus in Italy, Greece and Spain
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/227 - *Rhynchophorus ferrugineus* found in Lazio region, Italy
- 2006/233 - First record of *Xanthomonas arboricola* pv. *corylina* in Sardegna and Sicilia (IT)

Jamaica

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List

EPPO Reporting Service

Japan

- 2006/063 - Detection and eradication of *Anoplophora glabripennis* in Yokohama, Japan
- 2006/084 - *Murraya paniculata* is not a host of 'Candidatus Liberibacter asiaticum'
- 2006/086 - Multiplex RT-PCR to detect tospoviruses
- 2006/100 - Detection and eradication of *Anoplophora glabripennis* in Yokohama, Japan
- 2006/231 - *Liriomyza huidobrensis* found in Japan

Jordan

- 2006/033 - Studies on Tomato yellow leaf curl begomoviruses in Jordan
- 2006/054 - *Citrus tristeza closterovirus* occurs in Jordan

Kalanchoe tubiflorum

- 2006/022 - New records of naturalised plants in Andalucía (Spain)

Korea Republic

- 2006/221 - Management of *Sicyos angulatus* in the Republic of Korea

Lantana camara

- 2006/022 - New records of naturalised plants in Andalucía (Spain)

Lebanon

- 2006/057 - First record of *Tomato spotted wilt tospovirus* in Lebanon
- 2006/058 - First record of *Tomato chlorosis crinivirus* in Lebanon
- 2006/166 - First report of *American plum line pattern ilarvirus* in Lebanon

Leptochloa

- 2006/114 - New weed problems in Spain

Leptocybe invasa

- 2006/189 - First report of two new eucalyptus pests in the South of France: *Ophelimus maskelli* and *Leptocybe invasa*
- 2006/190 - Addition of *Leptocybe invasa* to the EPPO Alert List

Leptoglossus occidentalis

- 2006/160 - New pests found in Slovenia

Leptographium longiclavatum

- 2006/150 - *Leptographium longiclavatum*: a new species associated with *Dendroctonus ponderosae*

Liberobacter asiaticum

- 2006/084 - *Murraya paniculata* is not a host of 'Candidatus Liberibacter asiaticum'
- 2006/118 - New data on quarantine pests and pests of the EPPO Alert List

Liriomyza bryoniae

- 2006/165 - PCR-RFLP assay to differentiate *Liriomyza huidobrensis* from *L. bryoniae*, *L. trifolii* and *Chromatomyia horticola* in lettuce crops

Liriomyza huidobrensis

- 2006/165 - PCR-RFLP assay to differentiate *Liriomyza huidobrensis* from *L. bryoniae*, *L. trifolii* and *Chromatomyia horticola* in lettuce crops
- 2006/231 - *Liriomyza huidobrensis* found in Japan

Liriomyza sativae

- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List

EPPO *Reporting Service*

Liriomyza trifolii

2006/165 - PCR-RFLP assay to differentiate *Liriomyza huidobrensis* from *L. bryoniae*, *L. trifolii* and *Chromatomyia horticola* in lettuce crops

Lissorhoptrus oryzophilus

2006/062 - Details on the situation of *Lissorhoptrus oryzophilus* in China

Lithuania

2006/144 - Current situation of *Diaporthe vaccinii* in Lithuania

Lonicera japonica

2006/219 - Urban hedges: a cradle for plant invaders?

Lupinus polyphyllus

2006/135 - Catalogue of alien plants in the Czech Republic

2006/136 - Invasions by alien plants in the Czech Republic: a quantitative assessment across habitats

Lyctus

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Macedonia Republic

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Maconellicoccus hirsutus

2006/118 - New data on quarantine pests and pests of the EPPO Alert List

Mahonia aquifolium

2006/219 - Urban hedges: a cradle for plant invaders?

Maireana brevifolia

2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Malta

2006/145 - First report of *Glomerella acutata* in Malta

Marchalina hellenica

2006/130 - *Marchalina hellenica* is spreading in Greece: addition to the EPPO Alert List

Martinique

2006/009 - First report of *Raoiella indica* in Martinique: addition to the EPPO Alert List

Melanagromyza obtusa

2006/008 - First record of *Melanagromyza obtusa* in Guadeloupe

Meloidogyne fallax

2006/031 - Strawberry is a host plant for *Meloidogyne fallax*

Meloidogyne minor

2006/180 - Joint PRA carried out for *Meloidogyne minor* by the Netherlands and the United Kingdom

Metamasius hemipterus

2006/168 - Interception of *Metamasius hemipterus* in the Netherlands on imported palm trees: addition to the EPPO Alert List

EPPO Reporting Service

Metcalfa pruinosa

2006/138 - New data on quarantine pests and pests of the EPPO Alert List

Mexico

2006/076 - New data for quarantine pests and pests on the EPPO Alert List

2006/230 - New records of *Phakopsora pachyrhizi* in North America

Minthea rugicollis

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Monilinia fructicola

2006/049 - First report of *Monilinia fructicola* in Spain

2006/139 - Eradication of *Monilinia fructicola* in Austria

Morocco

2006/069 - Present knowledge on invasive plants in Morocco

Mycosphaerella fijiensis

2006/138 - New data on quarantine pests and pests of the EPPO Alert List

Nacobbus aberrans

2006/076 - New data for quarantine pests and pests on the EPPO Alert List

Netherlands

2006/030 - First report of *Nysius huttoni* in the Netherlands and Belgium: addition to the EPPO Alert List

2006/031 - Strawberry is a host plant for *Meloidogyne fallax*

2006/099 - *Anoplophora chinensis* eradicated from the Netherlands

2006/102 - First report of *Phytophthora ramorum* on *Fagus sylvatica* in the Netherlands

2006/103 - First report of *Ciborinia camelliae* in the Netherlands

2006/142 - Isolated finding of Potato spindle tuber viroid on *Solanum jasminoides* in the Netherlands

2006/162 - Incursion of *Helicoverpa armigera* in the Netherlands

2006/168 - Interception of *Metamasius hemipterus* in the Netherlands on imported palm trees: addition to the EPPO Alert List

2006/180 - Joint PRA carried out for *Meloidogyne minor* by the Netherlands and the United Kingdom

2006/229 - Further finding of *Potato spindle tuber viroid* on ornamental Solanaceae in the Netherlands

New pests

2006/034 - New disorder of chestnut found in Marche region (Italy)

2006/035 - A new *Alternaria* species identified on Ya Li pears (*Pyrus bretschneideri*)

2006/080 - New phytoplasma diseases of potatoes

2006/081 - Apricot pseudo-chlorotic leaf spot virus: a new *Trichovirus* of stone fruit trees

2006/150 - *Leptographium longiclavatum*: a new species associated with *Dendroctonus ponderosae*

2006/163 - *Anastrepha manizaliensis*: a new fruit fly species in Colombia

2006/180 - Joint PRA carried out for *Meloidogyne minor* by the Netherlands and the United Kingdom

New records

2006/001 - First report of *Rhynchophorus ferrugineus* in Italy

2006/004 - *Opogona sacchari* occurs in Israel

2006/005 - *Tetranychus evansi* is present in Israel

2006/008 - First record of *Melanagromyza obtusa* in Guadeloupe

2006/009 - First report of *Raoiella indica* in Martinique: addition to the EPPO Alert List

2006/011 - Outbreaks of *Xanthomonas arboricola* pv. *corylina* in Germany

2006/012 - Pest status of *Acidovorax avenae* subsp. *citrulli* in Israel

EPPO Reporting Service

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/030 - First report of *Nysius huttoni* in the Netherlands and Belgium: addition to the EPPO Alert List
- 2006/042 - *Ipomoea triloba*, a new exotic species for the Iberian peninsula
- 2006/043 - *Solanum elaeagnifolium* and *Solanum mauritianum* naturalized in Taiwan
- 2006/045 - Eradication project of *Senecio inaequidens* in Corse, France
- 2006/046 - Observations on *Elide asparagoides* and *Polygala myrtifolia* in Corse, France
- 2006/049 - First report of *Monilinia fructicola* in Spain
- 2006/053 - First report of *Citrus tristeza closterovirus* in Sudan
- 2006/055 - First record of Grapevine flavescence dorée phytoplasma in Switzerland
- 2006/056 - First record of *Pepino mosaic potexvirus* in Switzerland
- 2006/057 - First record of *Tomato spotted wilt tospovirus* in Lebanon
- 2006/058 - First record of *Tomato chlorosis crinivirus* in Lebanon
- 2006/059 - First report of *Xanthomonas arboricola* pv. *pruni* in Iran
- 2006/060 - First report of *Phytophthora kernoviae* in New Zealand
- 2006/061 - First record of *Globodera pallida* in Ukraine
- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/077 - Isolated finding of *Xylophilus ampelinus* in Slovenia
- 2006/078 - *Plum pox potyvirus* found in apricot samples collected in China
- 2006/079 - First report of *Iris yellow spot tospovirus* in Peru
- 2006/085 - New disease of sugar beet 'Syndrome des Basses Richesses' found in Hungary
- 2006/086 - Multiplex RT-PCR to detect tospoviruses
- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/101 - First record of *Dryocosmus kuriphilus* in Slovenia
- 2006/103 - First report of *Ciborinia camelliae* in the Netherlands
- 2006/104 - First report of *Gibberella circinata* in France
- 2006/106 - *Toxoptera citricidus* in Spain and Portugal
- 2006/113 - First records of *Heteranthera* in the Delta del Ebro, Spain
- 2006/114 - New weed problems in Spain
- 2006/115 - Non-indigenous flora of the Azores Archipelago (PT)
- 2006/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/119 - First report of *Xanthomonas arboricola* pv. *pruni* in Switzerland
- 2006/120 - *Curtobacterium flaccumfaciens* pv. *flaccumfaciens* reported in Spain
- 2006/121 - First report of Citrus leprosis virus in Honduras
- 2006/122 - First report of Citrus leprosis virus in Colombia
- 2006/124 - First report of brittle leaf disease of date palm (maladie des feuilles cassantes) in Algeria
- 2006/125 - First report of *Globodera pallida* in USA
- 2006/127 - First report of *Scirtothrips dorsalis* in Trinidad and Tobago
- 2006/129 - First report of *Phaedon brassicae* in Italy: addition to the EPPO Alert List
- 2006/134 - *Tagetes minuta* and *Eupatorium inulaefolium* newly naturalized in Taiwan
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/141 - First report of *Iris yellow spot tospovirus* in France
- 2006/145 - First report of *Glomerella acutata* in Malta
- 2006/146 - First report of *Bactrocera invadens* in Comoros
- 2006/151 - Surveys on phytoplasma diseases of fruit trees in Turkey
- 2006/158 - First report of *Clavibacter michiganensis* subsp. *sepedonicus* in Bulgaria
- 2006/160 - New pests found in Slovenia
- 2006/161 - Incursion of *Aleurotulus nephrolepidis* in Germany
- 2006/166 - First report of *American plum line pattern ilarvirus* in Lebanon
- 2006/167 - First report of stolbur phytoplasma causing bois noir on grapevine in Bulgaria
- 2006/181 - Incursion of Stolbur phytoplasma in potatoes in Germany
- 2006/185 - First report of *Tetranychus evansi* in Italy
- 2006/186 - First records of *Raoiella indica* in Guadeloupe and in Trinidad and Tobago
- 2006/187 - *Blastopsylla occidentalis*: a new eucalyptus psyllid found in Italy

EPPO Reporting Service

- 2006/188 - First records of *Ophelimus eucalypti* on eucalyptus in Italy, Greece and Spain
- 2006/189 - First report of two new eucalyptus pests in the South of France: *Ophelimus maskelli* and *Leptocybe invasa*
- 2006/195 - *Vincetoxicum rossicum*, an invasive alien species in expansion near Oslo, Norway
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/210 - First report of *Cryphonectria parasitica* in Iran
- 2006/212 - *Papilio demoleus*, a potential citrus pest newly found in the Caribbean
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/225 - First record of *Rhynchophorus ferrugineus* in France
- 2006/226 - First report of *Rhynchophorus ferrugineus* in Greece
- 2006/228 - First report of *Bactrocera latifrons* in Tanzania
- 2006/230 - New records of *Phakopsora pachyrhizi* in North America
- 2006/231 - *Liriomyza huidobrensis* found in Japan
- 2006/232 - First record of *Xanthomonas arboricola* pv. *corylina* in Iran
- 2006/236 - First report of *Eggplant mottled dwarf virus* in Slovenia

New Zealand

- 2006/019 - Bioclimatic prediction of the potential distribution of *Solanum elaeagnifolium* in New Zealand
- 2006/060 - First report of *Phytophthora kernoviae* in New Zealand
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List

Nicaragua

- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List

Nigeria

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Norway

- 2006/195 - *Vincetoxicum rossicum*, an invasive alien species in expansion near Oslo, Norway

Nysius huttoni

- 2006/030 - First report of *Nysius huttoni* in the Netherlands and Belgium: addition to the EPPO Alert List

Ophelimus

- 2006/164 - Details on the situation of forestry pests in Chile
- 2006/188 - First records of *Ophelimus eucalypti* on eucalyptus in Italy, Greece and Spain
- 2006/189 - First report of two new eucalyptus pests in the South of France: *Ophelimus maskelli* and *Leptocybe invasa*

Opogona sacchari

- 2006/004 - *Opogona sacchari* occurs in Israel
- 2006/026 - *Opogona sacchari* found in Poland

Orientus ishidae

- 2006/160 - New pests found in Slovenia

Orthotomicus erosus

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Oxalis pes-caprae

- 2006/069 - Present knowledge on invasive plants in Morocco
- 2006/152 - Impact assessment of *Ailanthus altissima*, *Carpobrotus* spp. and *Oxalis pes-caprae* on eight Mediterranean islands

EPPO *Reporting Service*

- 2006/172 - Comparison of *Oxalis pes-caprae* spread in islands and mainland areas of Spain
2006/194 - Invasive alien plants in Croatia
2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Pakistan

- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update

Papaya mosaic potexvirus

- 2006/237 - Potato diseases in the Andes

Papilio demoleus

- 2006/212 - *Papilio demoleus*, a potential citrus pest newly found in the Caribbean

Paraguay

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List

Paraserianthes lophanta

- 2006/022 - New records of naturalised plants in Andalucía (Spain)

Parietaria judaica

- 2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Paspalum paspalodes

- 2006/194 - Invasive alien plants in Croatia
2006/216 - Invasive alien plants in Romania

Paysandisia archon

- 2006/105 - *Paysandisia archon* found in large palms in Puglia (Italy)
2006/178 - New additions to the EPPO Lists

Peach yellow leaf roll phytoplasma

- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List

Pear decline (Phytoplasma pyri)

- 2006/083 - *Cacopsylla pyri* is a vector of pear decline in Spain
2006/151 - Surveys on phytoplasma diseases of fruit trees in Turkey
2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Pennisetum clandestinum

- 2006/022 - New records of naturalised plants in Andalucía (Spain)

Pepino mosaic potexvirus

- 2006/056 - First record of *Pepino mosaic potexvirus* in Switzerland
2006/237 - Potato diseases in the Andes

Peru

- 2006/079 - First report of *Iris yellow spot tospovirus* in Peru
2006/237 - Potato diseases in the Andes

Phaedon brassicae

- 2006/129 - First report of *Phaedon brassicae* in Italy: addition to the EPPO Alert List

Phakopsora euvitis

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List

EPPO Reporting Service

Phakopsora pachyrhizi

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/230 - New records of *Phakopsora pachyrhizi* in North America

Phoeosinus armatus

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Phoracantha recurva

- 2006/164 - Details on the situation of forestry pests in Chile
- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Phyllocnistis vitigenella

- 2006/160 - New pests found in Slovenia

Phytophthora hibernalis

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List

Phytophthora infestans

- 2006/237 - Potato diseases in the Andes

Phytophthora kernoviae

- 2006/060 - First report of *Phytophthora kernoviae* in New Zealand

Phytophthora lateralis

- 2006/178 - New additions to the EPPO Lists

Phytophthora pseudosyringae

- 2006/211 - Real-time PCR to detect *Phytophthora ramorum* and *P. pseudosyringae*

Phytophthora ramorum

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/102 - First report of *Phytophthora ramorum* on *Fagus sylvatica* in the Netherlands
- 2006/211 - Real-time PCR to detect *Phytophthora ramorum* and *P. pseudosyringae*

Pinnaspis aspidistrae

- 2006/203 - Incursion of *Chrysomphalus dictyospermi* and *Pinnaspis aspidistrae* in Germany

Pistia stratiotes

- 2006/073 - Control of *Pistia stratiotes* in Andalucía (Spain)

Pityogenes bidentatus

- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Plum pox potyvirus

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/051 - Detailed situation of *Plum pox potyvirus* in Argentina
- 2006/052 - *Plum pox potyvirus* found again in Switzerland
- 2006/065 - Multiplex RT-PCR to detect eight stone fruit viruses
- 2006/078 - *Plum pox potyvirus* found in apricot samples collected in China
- 2006/140 - *Plum pox potyvirus* found in New York and Michigan (US)
- 2006/191 - 'European meeting on *Plum pox virus* 2007' (Pula, HR, 2007-09-24/28)

EPPO Reporting Service

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Poland

2006/026 - *Opogona sacchari* found in Poland

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Polemonium caeruleum

2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Polygala myrtifolia

2006/046 - Observations on *Elide asparagoides* and *Polygala myrtifolia* in Corse, France

Portugal

2006/040 - International Symposium on pine wilt disease, Lisbon (2006-07-10/14)

2006/068 - Invasive plant species in Portugal: an overview

2006/106 - *Toxoptera citricidus* in Spain and Portugal

2006/112 - Absence of *Crassula helmsii* in Portugal

2006/115 - Non-indigenous flora of the Azores Archipelago (PT)

Potato aucuba mosaic potexvirus

2006/237 - Potato diseases in the Andes

Potato mop-top pomovirus

2006/237 - Potato diseases in the Andes

Potato spindle tuber pospiviroid

2006/037 - Absence of *Potato spindle tuber pospiviroid* in Canada

2006/142 - Isolated finding of *Potato spindle tuber viroid* on *Solanum jasminoides* in the Netherlands

2006/159 - Isolated finding of *Potato spindle tuber viroid* on *Solanum jasminoides* in Germany

2006/229 - Further finding of *Potato spindle tuber viroid* on ornamental Solanaceae in the Netherlands

Potato virus Y (NTN)

2006/237 - Potato diseases in the Andes

Potato yellow dwarf nucleorhabdovirus

2006/237 - Potato diseases in the Andes

Potato yellow vein crinivirus

2006/237 - Potato diseases in the Andes

Potato yellowing alfamovirus

2006/237 - Potato diseases in the Andes

PRA

2006/180 - Joint PRA carried out for *Meloidogyne minor* by the Netherlands and the United Kingdom

2006/240 - Climate change and the potential distribution of an invasive alien plant: *Acacia nilotica* in Australia

2006/241 - What are artificial neural networks?

2006/242 - The use of artificial neural network in biological invasions: modelling global insect pest species assemblages to determine risk of invasion

Prunus serotina

2006/093 - Current list of neophytes in Hungary

2006/135 - Catalogue of alien plants in the Czech Republic

EPPO *Reporting Service*

2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Publications

- 2006/014 - EPPO Standards for the Efficacy Evaluation of Plant Protection Products: a new update is available
- 2006/089 - New version of EPPO Plant Protection Thesaurus is now available
- 2006/110 - New version of PQR (4.5) is now available
- 2006/173 - Datasheets on invasive alien plants in Hungary
- 2006/175 - Flora of Israel online

Puccinia horiana

- 2006/010 - *Puccinia horiana* found in Hungary
- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List

Pueraria lobata

- 2006/178 - New additions to the EPPO Lists

Puerto Rico

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/212 - *Papilio demoleus*, a potential citrus pest newly found in the Caribbean

Quarantine treatment

- 2006/207 - Sulfuryl fluoride fumigation of wood packing material against *Anoplophora glabripennis*

Ralstonia solanacearum

- 2006/039 - International course on 'The use of real-time BIO-PCR for detecting brown rot and ring rot bacteria on potatoes', Ankara, 2006-06-26/30
- 2006/108 - Studies on the survival of *Ralstonia solanacearum* on different types of packing material
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/237 - Potato diseases in the Andes

Raoiella indica

- 2006/009 - First report of *Raoiella indica* in Martinique: addition to the EPPO Alert List
- 2006/186 - First records of *Raoiella indica* in Guadeloupe and in Trinidad and Tobago

Raspberry ringspot nepovirus

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List

Réunion

- 2006/002 - Current situation of *Bactrocera zonata* in Réunion

Reynoutria

- 2006/093 - Current list of neophytes in Hungary
- 2006/135 - Catalogue of alien plants in the Czech Republic
- 2006/177 - Conference on effective control of *Reynoutria* spp. and other invasive alien plants in Europe (Falmouth, GB, 2007-03-21/22)
- 2006/194 - Invasive alien plants in Croatia
- 2006/222 - Impact of *Reynoutria* spp. on invertebrate communities

Reynoutria japonica

- 2006/072 - Invasive species in Serbia and Montenegro: a threat for biodiversity
- 2006/216 - Invasive alien plants in Romania
- 2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

EPPO *Reporting Service*

Rhagoletis cingulata

2006/003 - Current situation of *Rhagoletis cingulata* in Germany

Rhagoletis indifferens

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Rhododendron ponticum

2006/116 - Origin and evolution of invasive naturalized *Rhododendron ponticum* in the British Isles

Rhynchophorus ferrugineus

2006/001 - First report of *Rhynchophorus ferrugineus* in Italy

2006/028 - Details on *Rhynchophorus ferrugineus* in Sicilia (Italy)

2006/178 - New additions to the EPPO Lists

2006/225 - First record of *Rhynchophorus ferrugineus* in France

2006/226 - First report of *Rhynchophorus ferrugineus* in Greece

2006/227 - *Rhynchophorus ferrugineus* found in Lazio region, Italy

Romania

2006/076 - New data for quarantine pests and pests on the EPPO Alert List

2006/216 - Invasive alien plants in Romania

Rorippa austriaca

2006/198 - Genetic relationships between *Heracleum* species in its invaded and native ranges

Rorippa sylvestris

2006/198 - Genetic relationships between *Heracleum* species in its invaded and native ranges

Rosa rugosa

2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Russia

2006/174 - *Humulus japonicus*: an emerging invader

2006/217 - Invasive species in the flora of the Upper Volga Basin

Sagittaria montevidensis

2006/114 - New weed problems in Spain

Saint Lucia

2006/138 - New data on quarantine pests and pests of the EPPO Alert List

Saint Vincent & the Grenadines

2006/138 - New data on quarantine pests and pests of the EPPO Alert List

Salpichroa organifolia

2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Scaphoideus titanus

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Schinus

2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

EPPO Reporting Service

Scirtothrips

2006/213 - Molecular identification key for *Scirtothrips* pest species

Scirtothrips dorsalis

2006/127 - First report of *Scirtothrips dorsalis* in Trinidad and Tobago

2006/138 - New data on quarantine pests and pests of the EPPO Alert List

Scolytus schevyrewi

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Senecio angulatus

2006/022 - New records of naturalised plants in Andalucía (Spain)

Senecio inaequidens

2006/044 - *Senecio inaequidens* naturalized in Taiwan

2006/045 - Eradication project of *Senecio inaequidens* in Corse, France

2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Senegal

2006/118 - New data on quarantine pests and pests of the EPPO Alert List

Serbia

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Serbia & Montenegro

2006/072 - Invasive species in Serbia and Montenegro: a threat for biodiversity

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Sesuvium portulacastrum

2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Sicyos angulatus

2006/091 - Survey on weeds in arable crops in France

2006/114 - New weed problems in Spain

2006/170 - Eradication of *Sicyos angulatus* in maize fields in Spain

2006/221 - Management of *Sicyos angulatus* in the Republic of Korea

Sinoxylon

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Slovenia

2006/077 - Isolated finding of *Xylophilus ampelinus* in Slovenia

2006/101 - First record of *Dryocosmus kuriphilus* in Slovenia

2006/143 - Current situation of *Eutypella parasitica* in Slovenia

2006/160 - New pests found in Slovenia

2006/219 - Urban hedges: a cradle for plant invaders?

2006/236 - First report of *Eggplant mottled dwarf virus* in Slovenia

Solanum elaeagnifolium

2006/017 - EPPO - FAO/North Africa - Workshop on *Solanum elaeagnifolium* in Sousse, TN, 2006-05-29/31

2006/018 - Call for information on *Solanum elaeagnifolium* geographical distribution

2006/019 - Bioclimatic prediction of the potential distribution of *Solanum elaeagnifolium* in New Zealand

2006/020 - Eradication of *Solanum elaeagnifolium* in Châteauneuf-les-Martigues (France)

EPPO Reporting Service

- 2006/021 - New records of invasive plants in the county of Šibenik and Knin (Croatia)
- 2006/043 - *Solanum elaeagnifolium* and *Solanum mauritianum* naturalized in Taiwan
- 2006/069 - Present knowledge on invasive plants in Morocco
- 2006/072 - Invasive species in Serbia and Montenegro: a threat for biodiversity
- 2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update
- 2006/137 - *Solanum elaeagnifolium* threatens Croatian hot spots of biodiversity
- 2006/155 - Conclusions and recommendations from the EPPO/FAO workshop on *Solanum elaeagnifolium*
- 2006/178 - New additions to the EPPO Lists

Solanum mauritianum

- 2006/043 - *Solanum elaeagnifolium* and *Solanum mauritianum* naturalized in Taiwan

Solanum physalifolium

- 2006/114 - New weed problems in Spain

Solidago canadensis

- 2006/093 - Current list of neophytes in Hungary
- 2006/135 - Catalogue of alien plants in the Czech Republic
- 2006/136 - Invasions by alien plants in the Czech Republic: a quantitative assessment across habitats
- 2006/194 - Invasive alien plants in Croatia
- 2006/216 - Invasive alien plants in Romania
- 2006/217 - Invasive species in the flora of the Upper Volga Basin

Solidago gigantea

- 2006/093 - Current list of neophytes in Hungary
- 2006/135 - Catalogue of alien plants in the Czech Republic
- 2006/194 - Invasive alien plants in Croatia
- 2006/223 - Impact of nine invasive alien plant species on soil properties in Belgium

Spain

- 2006/022 - New records of naturalised plants in Andalucía (Spain)
- 2006/042 - *Ipomoea triloba*, a new exotic species for the Iberian peninsula
- 2006/049 - First report of *Monilinia fructicola* in Spain
- 2006/050 - Further details on the situation of *Gibberella circinata* in Spain
- 2006/070 - Exotic plant species in Balears, Spain
- 2006/071 - Competition between the invasive species *Carpobrotus edulis* and the endemic species *Limonium emarginatum* in the Strait of Gibraltar
- 2006/073 - Control of *Pistia stratiotes* in Andalucía (Spain)
- 2006/074 - Eradication of *Carpobrotus* spp. in Minorca (Spain)
- 2006/083 - *Cacopsylla pyri* is a vector of pear decline in Spain
- 2006/095 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/106 - *Toxoptera citricidus* in Spain and Portugal
- 2006/113 - First records of *Heteranthera* in the Delta del Ebro, Spain
- 2006/114 - New weed problems in Spain
- 2006/120 - *Curtobacterium flaccumfaciens* pv. *flaccumfaciens* reported in Spain
- 2006/170 - Eradication of *Sicyos angulatus* in maize fields in Spain
- 2006/172 - Comparison of *Oxalis pes-caprae* spread in islands and mainland areas of Spain
- 2006/188 - First records of *Ophelimus eucalypti* on eucalyptus in Italy, Greece and Spain
- 2006/218 - Neophytes of Fuerteventura, Islas Canarias (ES)

Spathius agrili

- 2006/206 - *Spathius agrili* is a parasitoid of *Agrilus planipennis* in China

EPPO *Reporting Service*

Spiraea japonica

2006/219 - Urban hedges: a cradle for plant invaders?

Spodoptera eridania

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Sri Lanka

2006/095 - New data on quarantine pests and pests of the EPPO Alert List

Stephanitis pyrioides

2006/025 - New data on quarantine pests and pests of the EPPO Alert List

Stolbur phytoplasma (potato)

2006/181 - Incursion of Stolbur phytoplasma in potatoes in Germany

Streptomyces scabies

2006/237 - Potato diseases in the Andes

Sudan

2006/053 - First report of *Citrus tristeza closterovirus* in Sudan

Sugarbeet 'Syndrome des basses richesses'

2006/085 - New disease of sugar beet 'Syndrome des Basses Richesses' found in Hungary

Switzerland

2006/052 - *Plum pox potyvirus* found again in Switzerland

2006/055 - First record of Grapevine flavescence dorée phytoplasma in Switzerland

2006/056 - First record of *Pepino mosaic potyvirus* in Switzerland

2006/075 - Geographical distribution of *Solanum elaeagnifolium*: an update

2006/119 - First report of *Xanthomonas arboricola* pv. *pruni* in Switzerland

2006/201 - Survey on *Bursaphelenchus* species in Switzerland

Sybra alternans

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Synchytrium endobioticum

2006/076 - New data for quarantine pests and pests on the EPPO Alert List

Tagetes minuta

2006/134 - *Tagetes minuta* and *Eupatorium inulaefolium* newly naturalized in Taiwan

Taiwan

2006/043 - *Solanum elaeagnifolium* and *Solanum mauritianum* naturalized in Taiwan

2006/044 - *Senecio inaequidens* naturalized in Taiwan

2006/134 - *Tagetes minuta* and *Eupatorium inulaefolium* newly naturalized in Taiwan

Tajikistan

2006/118 - New data on quarantine pests and pests of the EPPO Alert List

Tanzania

2006/228 - First report of *Bactrocera latifrons* in Tanzania

Taxonomy

2006/038 - Phytoplasma classification

EPPO Reporting Service

2006/107 - *Toxoptera citricida* or *Toxoptera citricidus*?

Tetranychus evansi

2006/005 - *Tetranychus evansi* is present in Israel

2006/118 - New data on quarantine pests and pests of the EPPO Alert List

2006/185 - First report of *Tetranychus evansi* in Italy

Tetrops praeusta

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Tomato black ring nepovirus

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Tomato chlorosis crinivirus

2006/058 - First record of *Tomato chlorosis crinivirus* in Lebanon

2006/184 - Tomato infectious chlorosis and Tomato chlorosis viruses found in Campania and Calabria, Italy

Tomato infectious chlorosis crinivirus

2006/184 - Tomato infectious chlorosis and Tomato chlorosis viruses found in Campania and Calabria, Italy

Tomato mottle begomovirus

2006/200 - New data on quarantine pests and pests of the EPPO Alert List

Tomato ringspot nepovirus

2006/183 - Incursion of *Tomato ringspot virus* in *Hosta* plants in Germany

Tomato spotted wilt tospovirus

2006/025 - New data on quarantine pests and pests of the EPPO Alert List

2006/057 - First record of *Tomato spotted wilt tospovirus* in Lebanon

2006/076 - New data for quarantine pests and pests on the EPPO Alert List

2006/086 - Multiplex RT-PCR to detect tospoviruses

2006/147 - *Frankliniella cephalica*: a new vector of *Tomato spotted wilt tospovirus*

Tomato yellow leaf curl begomovirus

2006/025 - New data on quarantine pests and pests of the EPPO Alert List

2006/033 - Studies on Tomato yellow leaf curl begomoviruses in Jordan

2006/076 - New data for quarantine pests and pests on the EPPO Alert List

2006/200 - New data on quarantine pests and pests of the EPPO Alert List

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Tomicus piniperda

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Toxoptera citricidus

2006/106 - *Toxoptera citricidus* in Spain and Portugal

2006/107 - *Toxoptera citricida* or *Toxoptera citricidus*?

Training

2006/016 - Training session on 'Phytosanitary inspections of oak logs imported from USA into the European Union', Nancy, FR, 2006-06-20/21

2006/039 - International course on 'The use of real-time BIO-PCR for detecting brown rot and ring rot bacteria on potatoes', Ankara, 2006-06-26/30

EPPO Reporting Service

Trinidad & Tobago

- 2006/127 - First report of *Scirtothrips dorsalis* in Trinidad and Tobago
- 2006/186 - First records of *Raoiella indica* in Guadeloupe and in Trinidad and Tobago

Turkey

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/151 - Surveys on phytoplasma diseases of fruit trees in Turkey

Uganda

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List

Ukraine

- 2006/061 - First record of *Globodera pallida* in Ukraine

United Kingdom

- 2006/098 - Recent interceptions of *Anoplophora* species in United Kingdom
- 2006/116 - Origin and evolution of invasive naturalized *Rhododendron ponticum* in the British Isles
- 2006/131 - Another report of *Heterobostrychus hamatipennis* in Europe
- 2006/153 - Impact of *Impatiens glandulifera* on riparian habitats in the Czech Republic and the UK
- 2006/177 - Conference on effective control of *Reynoutria* spp. and other invasive alien plants in Europe (Falmouth, GB, 2007-03-21/22)
- 2006/180 - Joint PRA carried out for *Meloidogyne minor* by the Netherlands and the United Kingdom

USA

- 2006/025 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/118 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/123 - Eradication of *Xanthomonas axonopodis* pv. *citri* in Florida (US) is no longer considered feasible
- 2006/125 - First report of *Globodera pallida* in USA
- 2006/126 - First report of *Agrilus planipennis* in Illinois (US)
- 2006/128 - *Bactrocera zonata* caught in California, USA
- 2006/138 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/140 - *Plum pox potyvirus* found in New York and Michigan (US)
- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/208 - Exotic bark- and wood-boring Coleoptera in the USA
- 2006/209 - Studies on dispersal of *Ceratocystis fagacearum* by nitidulid beetles
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/230 - New records of *Phakopsora pachyrhizi* in North America

Ustilago scitaminea

- 2006/118 - New data on quarantine pests and pests of the EPPO Alert List

Venezuela

- 2006/200 - New data on quarantine pests and pests of the EPPO Alert List
- 2006/237 - Potato diseases in the Andes

Venturia nashicola

- 2006/076 - New data for quarantine pests and pests on the EPPO Alert List
- 2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Verbesina encelioides

- 2006/069 - Present knowledge on invasive plants in Morocco

EPPO Reporting Service

Vincetoxicum rossicum

2006/195 - *Vincetoxicum rossicum*, an invasive alien species in expansion near Oslo, Norway

Watermelon silver mottle tospovirus

2006/086 - Multiplex RT-PCR to detect tospoviruses

Xanthomonas arboricola* pv. *corylina

2006/011 - Outbreaks of *Xanthomonas arboricola* pv. *corylina* in Germany

2006/232 - First record of *Xanthomonas arboricola* pv. *corylina* in Iran

2006/233 - First record of *Xanthomonas arboricola* pv. *corylina* in Sardegna and Sicilia (IT)

Xanthomonas arboricola* pv. *pruni

2006/059 - First report of *Xanthomonas arboricola* pv. *pruni* in Iran

2006/118 - New data on quarantine pests and pests of the EPPO Alert List

2006/119 - First report of *Xanthomonas arboricola* pv. *pruni* in Switzerland

2006/235 - Structure and origin of *Xanthomonas arboricola* pv. *pruni* populations in western Europe

Xanthomonas axonopodis* pv. *citri

2006/123 - Eradication of *Xanthomonas axonopodis* pv. *citri* in Florida (US) is no longer considered feasible

Xanthomonas axonopodis* pv. *dieffenbachiae

2006/109 - PCR test to detect *Xanthomonas axonopodis* pv. *dieffenbachiae*

Xanthomonas axonopodis* pv. *vesicatoria

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Xyleborinus alni

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Xyleborus

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA

Xylella fastidiosa

2006/148 - *Homalodisca coagulata* can transmit citrus variegated chlorosis

2006/224 - New data on quarantine pests and pests of the EPPO Alert List

Xylophilus ampelinus

2006/077 - Isolated finding of *Xylophilus ampelinus* in Slovenia

Xylosandrus

2006/208 - Exotic bark- and wood-boring Coleoptera in the USA
